The 'Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government' executive order is openly violating the Paperwork Reduction Act. Read the Federal Register notice: It says that the related 60-day (statutorily required) 60-day request for comments received no comments, but there WAS no 60-day notice. This is illegal.

On another note, given the mass of information that this department already collects to confirm identity, and given that biology recognizes way more than 2 sexes and they don't always match appearances, it would save time and money to stop collecting information on people's sex at all.
