It is a right of a U.S. citizen to have the freedom to change their name and gender presentation. U.S. Passports should not require "sex at birth" to be listed.

I reject the implementation of bigoted policies. These changes do not protect women and only serves to humiliate a minority of citizens. As a woman, this policy would in no way enhance my personal safety. Implementation of this change would be costly and a waste of taxpayer money. There is nothing to gain with this change.
