The changes requested to this via Executive Order 14168 are horrendous and should be rejected. This Executive Order ignores the scientific fact that intersex people exist, and therefore will be forced to choose an identifier that is not accurate to them, which is in direct violation of the injunction put on the Department of State by the U.S. District Court for the District of Colorado in *Zzyym v. Blinken*. This Executive Order also rejects the scientific fact that 'sex' and 'gender' are not the same word, which will therefore infringe upon the rights of transgender Americans as well. Please reject these changes for the sake of actually protecting all Americans, in stark contrast to this Executive Order merely named such in an attempt to erode our civil rights.
