I want to urge the Department of State against changing this form. Trans, intersex, and non-binary folks deserve our respect and good intentions. These updated forms are in violation of the injunction put on State by the U.S. District Court for the District of Colorado in the Zzyym v. Blinken case. There is no benefit to the citizen or to the state in these changes. This makes marginalized people at a higher risk and makes no improvement in national security, so is a waste of time.

Thank you,
Lindsay
