The dehumanizing and heartless attack on trans people in our country, who only make up about 1% has to STOP. Not allowing trans and intersex people to obtain or renew a passport in their name and gender is beyond cruel. An attack on our most vulnerable is inhumane and will be remembered as a truly barbaric act of cowards and weak men. And to do this in the name of god and Jesus and protecting "women" is abhorrent. God sees you all for the horrors you commit on those he asked that you care for. SHAME.
