This policy has no practical purpose and represent a huge was of taxpayer money. It violates people's right under the Due Process Clause of the U.S. Constitution by discriminating on the basis of sex. Sex and gender are socially constructed and is no body's buiness but your own. We need the goverment to stay out the pants of the people. What you believe, religiously, is your own choice and should not be forced on to others. You do not know more than anyone else on this earth. We are all made of the same material and come in and out of the world the same. Ethically, these forms are immoral. Legally, these forms are in volation of enjoiment in the Zzyym v. Blinkin case.
