The government does not belong in the pants of the people. This policy has no practical purpose and represents a huge waste of taxpayer money and it violates people's right under the Due Process Clause of the U.S. Constitution by discriminating on the basis of sex. Sex and gender are socially constructed and is no body's business but your own. Ethically, these forms are immoral. Legally, these forms are in violation of injunction in the Zzyym v. Blinkin case. My friends and family members are HUMAN BEINGS and deserve to be treated the exact same as anyone else, no matter how they identify. I'm disgusted by the audacity of those in the government who THINK they are playing GOD. The bible is just a coffee table book for them. They do not truly live in the nature of love and acceptance that is written about in that book. Instead they are obsessed with what's in someone's pants and obsessed with the end of the world/Gensis. I hope whoever is behind this gross policy finds true love in their heart and see what a beautiful world it could be if we were all treated with dignity and stayed out of each others' business!
