i do not believe this information has been used by anybody in govt for the last 25 years so the collection of this information seems to be wasteful and negligent in spending excessively. you have information from last year, which does not change extensively from year to year. why do you need to do this every single year when there is little change in the numbers. you are spending excessively at this dept. doge needs to look into the policies and out of control spending for collecting information nobody uses. dont authorize this for a 2 year term. jean publicee jeanpublic1@yahoo. at most every 3 or 4 years is often enough.

Notices

DEPARTMENT OF AGRICULTURE

National Agricultural Statistics Service

Notice of Intent To Request Revision and Extension of a Currently
Approved Information Collection

AGENCY: National Agricultural Statistics Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the intention of the National Agricultural Statistics Service (NASS) to request revision and extension of a currently approved information collection, the Cold Storage Survey. Revisions to burden hours will be needed due to changes in the size of the target population, updated data collection plan, and the estimated average burden minutes to complete each questionnaire. The questionnaires have had some minor modifications to accommodate changes in the products stored by the industry, and to make the questionnaires easier to complete. The target population of cold storage operators (both mandatory and voluntary samples) will be contacted for this data on a monthly basis. The capacity survey is conducted once every other year of all operations with refrigerated storage capacity. Most of these surveys are voluntary; the one exception is for operations that store certain manufactured dairy products that are required by Public Law 106-532 and 107-171 to respond.

DATES: Comments on this notice must be received by January 28, 2025 to be assured of consideration.

ADDRESSES: You may submit comments, identified by docket number 0535-0001, by any of the following methods:
