DS form number: DS-11

Information collection title: Application for a US passport

OMB control number: 1405-0004

This is wrong and invasive and protects no one. It is discriminatory against the small vulnerable group that is being scapegoated to distract from our larger issues. Trans people are as deserving of rights as everyone else. This is un-american and I do not support the passage of this change to passports. Our country is headed in the wrong direction with garbage like this, when the real criminals are sitting in office with their billionaire hands reaching into our social security and medicaid.
