FILING FORMS WITH THE FEDERAL GOVERNMENT AND ESTIMATED REPORTING BURDEN:

This collection of information is approved by OMB under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq. (OMB Control No. 2060-0663). Responses to this collection of information are voluntary (Energy Policy Act of 2005, citation 109-58). An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The public reporting and recordkeeping burden for this collection of information for the average user is estimated to be 0.66 hours for the initial registration. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates and any suggested methods for minimizing respondent burden to the Regulatory Support Division Director, U.S. Environmental Protection Agency (2821T), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.

SmartWay Application

To get started as a SmartWay Carrier Partner, first determine and select your Carrier type.

Carrier Types

All Carriers qualify in one or more of the categories listed below. Each component of your company that matches a Carrier Partner category should submit its own partnership application, if it is not already a SmartWay Partner.

Review the list below and select your Carrier type.

- ☐ **Truck Carrier Partner** - Your company operates and manages or leases its own for-hire or private fleet.
- ☐ **Logistics Company Partner** - Your company contracts out more than 5% of your freight; that is, your company is a 3PL/4PL, a freight broker, freight forwarder, or a non-asset based carrier.
- ☐ **Rail Carrier Partner** - Your company is a commercial Class 1, 2, or 3 rail carrier and you operate and manage your own locomotives and are hired by others to move their freight.
- ☐ **Barge Carrier Partner** - Your company operates and manages or leases its own barge fleet and is hired by others to move their freight.
- ☐ **Air Carrier Partner** - Your company operates and manages or leases its own air fleet and is hired by others to move their freight.
- ☐ **Multi Tool Partner** - Your company may fit more than one of the above categories, e.g. I operate my own truck fleet but also hire rail or air or other carriers for a significant portion of my freight.

Each Carrier Type will submit data in tool(s) specifically designed for their type of operations. [click here for examples.](#)

SmartWay Application

This very short and basic agreement is required to become a SmartWay partner. There are no costs involved. Check the box at the bottom to proceed.

Partnership Agreement

With this annual agreement, your company joins the SmartWay Transport Partnership and commits to:

1. Measure and report to EPA, on an annual basis, the environmental performance of your fleet(s) using the USA SmartWay Tool(s). Existing fleets will report the 12 months of data for the prior year ending December 31
2. Have your company's name and performance results posted on the SmartWay websites/databases.
3. Upon EPA's request, agree to submit supporting documentation to EPA for any data used to complete the Tool, and agree to submit to an audit of this data.

In return, EPA commits to:

1. Promote company participation in the Partnership by posting Partner names on the SmartWay websites and in related educational, promotional, and media materials. EPA will obtain express written consent from the Partner before using the Partner's name, other than in the context of increasing public awareness of its participation as described here.
2. Provide companies with industry-wide performance benchmark data, as the data becomes available to EPA.
3. Assist Partners in achieving emission and fuel usage reduction goals.

General Terms

1. Either party can terminate this Agreement at any time without prior notification or penalties or any further obligation.
2. EPA agrees not to comment publicly on the withdrawal of specific partners.
3. EPA reserves the right to suspend or revoke Partner status and terminate this Agreement if the Partner defaults under this Agreement or misuses a SmartWay trademark.
4. The Partner consents to EPA disclosing all information collected in the Tool to the United States Environmental Protection Agency (EPA) and to the contractor responsible for hosting the SmartWay database, for the purposes of administering the SmartWay Program and trademarks only.
5. The Partner understands that this Agreement does not constitute authorization to use the SmartWay trademark, and that such authorization can only be obtained by entering into a separate agreement with the EPA.
6. The Partner agrees that it will not claim or imply that its participation in the SmartWay Transport Partnership constitutes EPA's approval or endorsement of anything other than the Partner's commitment to the program. The Partner will not make statements or imply that EPA, or the United States, endorses the purchase and/or sale of the Partner's products and services or the views of the Partner.
7. The annual submission of this SmartWay Tool constitutes agreement to all terms in this Partnership Agreement.

☐ I understand and agree to the terms of this agreement. *
