To Whom it May Concern,

I am writing to ask that you not implement this policy. This policy, as written, is a ridiculous waste of government resources, benefits no one, and actively seeks to harm intersex people, trans people and their families.

Changing passport documentation to sex assigned at birth opens up trans and intersex people to increased discrimination and harassment. It puts them in harm's way in this country, as well as in other countries.

This is a population ALREADY at increased risk of harm. Please do not waste taxpayer dollars implementing this unnecessary policy that no one asked for.
