This is a sad point in time for humanity. And for democracy

Some of my trans friends don't feel safe enough to stay in the country. They are leaving this country that promises everyone life, liberty and the pursuit of happiness. I urge you to reject this policy change denying that trans and nonbinary people exist.

Please, we urge you to have a heart and protect our most vulnerable neighbors and friends who are NOT trying to make your kids gay! We just want to live. We deserve to live. We were promised life, liberty and the pursuit of happiness. Let us have it.
