This is a politically motivated requirement which will cause great pain and harm to the affected population, while providing no benefit to the government nor anyone else.

Do not do this!

This is cruel and unnecessary.

Do you know someone personally that is trans? This has been a part of human biology for a very long time. A trans person will suffer immensely with this change. Is that what you want?

Transgender is not a "fixable problem" or some kind of sin. It is reality.
