FERC 519: 1902-0082, FERC-520: 1902-0083, FERC-546: 1902-0155, FERC-580: 1902-0137

The Federal Power Act is necessary to ensure legality of the federal government to allow the needed steps to proceed with any law requiring the government to take action on behalf of consumers. A new regulation would allow the government to regulate and control the activities that affect consumers by providing them with the services that consumers need in order to make their lives better.
