You were selected to participate in the U.S. Department of Agriculture National Animal Health Monitoring System (NAHMS) Equine Event study! **If you have already responded, please accept our sincere thanks. If you have not responded, there's still time.**

We are especially grateful for your help. It is only by asking people like you to share your experiences that we can improve our shared understanding of equine health and management practices, including any needs and challenges. Your participation in this study is voluntary and responses to this survey will be kept confidential, as required by Federal law.

If you haven't had a chance to respond to the survey yet, completing the survey online is quick, easy, and secure. You can do so by clicking the link above. If we have not received your survey by [month date], we may give you a call to complete the survey over the phone. We hope that you will participate in this survey and provide your valuable input.

Thank you for your support of this important equine study. If you have any questions, please feel free to call toll-free at (866) 907-8190 or email NAHMS@usda.gov.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB number for this information collection is 0579-0269. The time required to complete this information collection is estimated to average 1 minute per response. Send comments regarding this burden statement or any other aspect of this information collection, including suggestions for reducing this burden, to APHIS.PRA@usda.gov.
