My business partner that I introduced to the program and gave 55% of the share of the company took my spot on the local Columbia MO Water and Light list of qualified contractors. Do you have any suggestions considering he was trained by doing work on homes that I assessed? I feel like I ought to have a position doing this work on their program (with financing benefits) but I can't because I must reapply and hope that I'm readmitted.

Regards,
