

Noyce Teacher Scholarship Evaluation by SRI

Context

SRI is evaluating the Robert Noyce Teacher Scholarship Program (Noyce). As evaluators we are interested in talking to people in various roles in the program to better understand the program and assess the impact the scholarship has had on your work and the broader field.

Goals of evaluation

This evaluation by SRI will explain: 1) The goals of Noyce awards, 2) How teacher prep programs diversify, recruit, select, prepare, empower, and support Noyce recipients, 3) The relationships between the support, activities, and training that Noyce recipients receive, the types of Noyce recipients, and the recipients' plans to go into and stay in teaching and leadership roles and 4) The impact of Noyce on teacher certification in STEM fields and employment in high-need schools.

In order to accomplish these goals, we need participants who will share their role and experience with us. If you are interesting, contact the email/QR code below:
