Dear Mr. Norcross,

The quality of the information to be collected will be enhanced and the burden of collection minimized if the monthly due date can be rolled back to the 30th rather than the 20th, allowing more time and resulting in a higher level of quality and clarity while harmonizing with the quarterly date. The collection burden will be further minimized if scanned documents can be accepted as adequate in themselves rather than requiring redundant duplication by mailed-in hard documents. This repetition is not required, for instance, By ARRA Homeless reporting. Similar reporting standards and due dates across ARRA would be a good thing.

Thank you for your consideration.

Lawrence M. Kelly
