

## Nanotechnology Characterization Lab (NCL) Assay Cascade Collaboration Satisfaction Survey

Section 1

### Privacy and Burden Statements

OMB No.: 0925-0642 Expiration Date: 3/31/2026

Collection of this information is authorized by The Public Health Service Act, Section 411 (42 USC 285a). Rights of participants are protected by The Privacy Act of 1974. Participation is voluntary, and there are no penalties for not participating or withdrawing at any time. Refusal to participate will not affect your benefits in any way. The information collected will be kept private to the extent provided by law. Names and other identifiers will not appear in any report. You are being contacted by the Nanotechnology Characterization Laboratory (NCL) to complete this form so that NCL can better align their services to meet the needs of the research community.

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. **An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.** Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0642). Do not return the completed form to this address.

### Survey Questions

As a developer of novel nanotechnologies having completed the NCL's Assay Cascade characterization program, we are seeking your feedback on the program. Specifically, we are interested in your view of the relevancy, quality, clarity, and timeliness of the data generated by the NCL team, communications, and associated deliverables. Your comments and feedback will be used to help us improve and adapt the program to better suit the needs of the community. All questions are optional, and you may exit the survey anytime.

1. Please rate the quality of the data received as part of the collaboration.
