Mr. Norcross,

Cuyahoga County opposes monthly reporting. The proposed change from the current EECBG quarterly reporting plan to monthly reporting will be an administrative burden to staff and our grant subcontractors. We appreciate the need for transparent and timely results, but the additional effort required for the proposed reporting will not realize commensurate results. If approved, monthly reporting will ultimately reduce funds available for the primary purpose of the energy efficiency and conservation block grant program. Thank you for the opportunity to voice our concerns.

Respectfully, Joyce Burke-Jones
