Document: FHWA-2024-0082-0002
E-commerce IAM Service - Comments

Submitter Information

Government Agency Type: Federal
Government Agency: E-commerce IAM Service

General Comment

. Key points include:

Malicious Activity: Mentions of "Lumma Stealer" suggest potential malware designed for data exfiltration.

Technical Details: References to a PE32 executable for Windows, built for Intel 80386 architecture, and metadata about Python 2.4.3 from Red Hat.

Corrupted Data: Repeated and disorganized phrases, URLs, and unrelated symbols make the content
