**Subject:** [EXTERNAL] Error in proposal?

Hi there,

It appears that there may be an error in the [OMB proposal related to the general OPTN Data Collection process](#), or the language is unclear. Several forms that are currently in existence are marked as new forms. Example denoted below. Would the team please issue a clarification?

146	Adult and Pediatric Lung and HeartLung Goal Exception Form ***	149	3.72	554	0.75	415.71
147	Pediatric Lung Priority 1 Status Justification Form ***	45	1.16	52	0.33	17.23
148	Review Board Voter Form ***	248	22.46	5,570	0.23	1,281.12
149	Living Donor Feedback Form ***	207	37.73	7,810	0.13	1,015.31
150	Extra Vessels Reporting Form ***	248	53.71	13,320	0.03	399.60
151	Non-US Transplants Reporting Form ***	228	0.00	0	0.03	0.00

153	Interim Event Reporting Form ***	248	72.58	18,000	0.06	1,079.99
Total		18,697		3,184,246		851,565.51

\* The numbers of respondents and the numbers of total responses in the burden table were updated with 2023 OPTN data and reflect increases in the number of organ transplants and changes in the number of respondents (Transplant Centers, OPOs, and Histocompatibility Labs).

\*\* These two forms will not be used once the OPTN Process Data OMB package is approved and implemented. The OPTN Process Data OMB package is **new** and will be considered separate from this package. We are including these forms in this collection to avoid any lapse in approval of these forms while the OPTN Process Data package is being approved.

\*\*\* These are **new** forms.
