General Comment

there is nothing about health or safety that comes from this sneaky, suspicious, propagandistic agency that lies to its own country.this agency is a disaster sending our tax dollars to wuhan china in spite of the banning of research on COVID.you are developing unsafe warlike viruses to harm people. we need to eliminate this use of our tax dollars totally,this encty promotes I'll health to the American people to scare the benusis out of themtgus agency promotes political scurvy and cannot be trusted to lie to the people again.this agency should be completely defended, fire the employees and start fresh with new employees who have a sense of integrity and desire to help instead of rule and lie to the American people the grade i would give this agency is zero or f minus. it is anti american totally. takes our tax dollars and abuses American people.hides the co umentation of what they do instead of being open and transparent when using our tax dollars. how sick they are in this agency. absolteyuly and totally sickening.put faucis, Collins and the folia destructions in jail nowi don't think this agency can be trusted with new collection fo information of any work at all.
