**Subject:** [EXTERNAL] Process Data for Organ Procurement and Transplantation Network, OMB No. 0906-xxxx—NePublic Comment  
**Date:** Tuesday, December 17, 2024 4:21:47 PM

---

**As a Liver recipient and a sister of a liver recipient I support any and all collection of data.**

**Support for Improved Data Collection:**

*"I support the proposed data collection as it will help identify and address disparities in access to transplantation. Collecting pre-waitlist referral and evaluation data is essential to understanding who is being referred, evaluated, and listed for transplant and ensuring equitable access for all patients."*
