Subject: [EXTERNAL] Process Data for Organ Procurement and Transplant Network
Date: Tuesday, December 31, 2024 4:56:04 PM

Why isn't comprehensive data on waitlist times and organ allocation outcomes readily available?

How can patients make informed decisions about their care without understanding how the system works?

What steps are being taken to ensure equality and transparency across the transplant network?

I would like to request further information on this proposed project.

Thank you,

Rebekah Goudie
Liver Transplant Recipient 02/24/2024
