## General Comment

FAR-2025-0053-0009 OMB 9000-0136

For the individuals working to submit applications and continue to edit, update appropriately and have technical challenges, it would be appropriate for the contracting officer to evaluate and process the necessary information to make the final determination and confirm the intended outcome of the process. This is a very good way to make sure the project can achieve it's objective in the correct manner as Officer and Management process and approve accordingly.
