IV. Consultation With Agencies and Determination of Appropriateness

In April and May of 2025, DHS consulted with HUD, TVA, BLM, NRCS, USFS, RD, Navy, and Army about the appropriateness of the Department's adoption of their respective categorical exclusions. Those consultations each included a review of each agency's or bureau's experience in establishing and applying the categorical exclusions, as well as DHS's intended uses for the categorical exclusions. Based on those consultations and reviews, DHS has determined that the types of activities DHS proposes to authorize are substantially similar to the activities for which HUD, TVA, BLM, NRCS, USFS, RD, Navy, and Army have applied their respective categorical exclusions. Accordingly, the impacts of the DHS actions would be substantially similar to the impacts of each establishing agency's actions, which are not significant, absent the existence of extraordinary circumstances. Therefore, DHS has determined that DHS's proposed use of the CEs, as described within this notice is appropriate.

V. Notice to the Public and Documentation of Adoption

This notice serves to identify to the public and document DHS's adoption of HUD, TVA, BLM, NRCS, USFS, RD, Navy, and Army categorical exclusions and identifies the types of actions to which DHS contemplates applying the actions at this time. DHS may expand use of one or more of the CEs identified above to other activities where appropriate, and in accordance with applicable conditions for use of the CE. Upon issuance of this notice, the adopted HUD, TVA, BLM, NRCS, USFS, RD, Navy, and Army categorical exclusions will be available to DHS and accessible on *DHS.gov* at <https://www.dhs.gov/ocrso/eed/epb/nepa>.

SUPPLEMENTARY INFORMATION: On November 16, 2018, Congress passed Public Law 115-278, to amend the Homeland Security Act of 2002 (6 U.S.C. 101 *et seq.*), enacted and authorized the Cybersecurity and Infrastructure Security Agency (CISA) of the Department of Homeland Security (DHS). CISA enhances public safety interoperable communications at all levels of government to help partners across the country develop their emergency communications capabilities. Working with stakeholders across the country, CISA conducts extensive, nationwide outreach to support and promote the ability of emergency response providers and relevant government officials to continue to communicate in the event of a natural disaster, act of terrorism, or other man-made disaster. 6 U.S.C. 571(c)(2) mandates DHS through CISA to administrate and manage SAFECOM, a state, local, tribal, and territorial stakeholder-driven public safety communications program. In an effort to resolve major communications issues identified during the September 11, 2001, terrorist attacks, SAFECOM was created as a Presidential EGovernment Initiative to improve interoperability, allowing emergency responders to communicate more effectively before, during, and after emergencies and disasters.

Through collaboration with emergency responders and elected officials across all levels of government, SAFECOM works to improve emergency response providers' inter-jurisdictional and interdisciplinary emergency communications interoperability across local, regional, tribal, State, territorial, international borders, and with Federal government entities. SAFECOM works with existing Federal communications programs and key emergency response stakeholders to address the need to develop better technologies and processes for the coordination of existing communications systems and future networks.

The SAFECOM Membership Questionnaire is an internal SAFECOM document disseminated only to active SAFECOM Members. SAFECOM uses the Questionnaire to identify membership gaps, obtain updated information on SAFECOM's membership body (*e.g.*, public safety communications experience, accolades, acquired skills/certifications, etc.), update SAFECOM marketing materials, and to assist SAFECOM when

responding General Accounting Office (GAO) inquiries.

The DHS/CISA/ECD will disseminate the SAFECOM Membership Questionnaire to active SAFECOM Members as a fillable PDF document. The Questionnaire will encompass eight interdependent sections of questions. The SAFECOM Internal Membership section requests each Member to provide their name, state of residence, and the number of hours per month he/she contributes SAFECOM led initiatives (*e.g.*, conference calls and deliverable development). SAFECOM consists of public safety association representatives and at-large members. The Association Representative Information section pertains to public safety associations represented in SAFECOM. Association Representatives serving in SAFECOM are asked to provide the name of their Association, approximate Association size, Association contact, and addition Association point-of-contact (POC) information. At-large members are instructed to skip to the next section. Public Safety Service section will focus on questions related to each Member's public safety and first responder career.
