SUPPLEMENTARY INFORMATION: PHMSA received a special permit request from FGT on March 18, 2025, seeking special permit segment extensions, and seeking the addition of a new special permit segment to be incorporated into special permit PHMSA-2020-0001.¹ The new segment and extensions requested are a part of the active permit's special permit inspection area. Special permit PHMSA-2020-0001 allows FGT to deviate from the Federal pipeline safety regulations in 49 CFR 192.611(a) and

(d), and 192.619(a), where a gas transmission pipeline segment has undergone a change from a Class 1 to a Class 3 location.

Special permit PHMSA-2020-0001 was granted on August 22, 2023 and is effective until March 31, 2032 for six special permit segments, which include 10,279 feet (approximately 1.947 miles) of the FGT natural gas transmission pipeline system located in Lake, Orange, and Osceola counties, Florida. FGT is requesting a new special permit segment of 3,587 feet (approximately 0.679 miles) and special permit segment extensions totaling 8,009 feet (approximately 1.517 miles). If granted, the combined length of the requested expansion would total 11,596 feet (approximately 2.196 miles).

The active special permit segment, requested new special permit segment, and requested extensions, are as follows:

SPS No.	Status	County, State	Outside diameter (inches)	Line name	Length (feet)	Year installed	Maximum allowable operating pressure (pounds per square inch gauge)
187440	Active Segment	Osceola, FL	30	MLV 18-1 to C/S 19	285	1995	975
202974	Extension	Osceola, FL	30	MLV 18-1 to C/S 19	5,196	1995	975
228268	Active Segment	Osceola, FL	30	MLV 18-1 to C/S 19	4,451	1995	975
	Extension	Osceola, FL	30	MLV 18-1 to C/S 19	2,813	1995	975
	New Segment	Brevard, FL	26	Mainline Loop STA18-STA19.	3,587	1968	977

Upon receipt of this request, PHMSA reviewed the currently active special permit's Final Environmental Assessment (FEA) and its findings. In consideration of this, PHMSA finds that the existing FEA and Finding of No Significant Impact remain adequate, pursuant to the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321 *et seq.*), and the expansion of the proposed special permit would not result in significant impacts to the human environment. No further environmental assessment is required for this proposal.

FGT's new special permit segment and extensions request, active special permit with conditions, and FEA are available for review and public comment in Docket No. PHMSA-2020-0001. PHMSA invites interested persons to review and submit comments in the docket on both the special permit segment extension request and the new

special permit segment request. Please submit comments on any potential safety, environmental, and other relevant considerations implicated by the special permit request. Comments may include relevant data.

Before issuing a decision on the special permit request, PHMSA will evaluate all comments received on or before the comments closing date. PHMSA will consider each relevant comment it receives in making its decision to grant or deny this special permit request.

Issued in Washington, DC, on August 19, 2025 under authority delegated in 49 CFR 1.97.

Linda Daugherty,

Acting Associate Administrator for Pipeline Safety.

General Description of Reports

The Market Risk Regulatory Report for Institutions Subject to the Market Risk Capital Rule (FFIEC 102) is filed quarterly with the agencies and provides information for market risk institutions, defined for this purpose as those institutions that are subject to the market risk capital rule as incorporated into subpart F of the agencies' regulatory capital rules² (market risk institutions). Each market risk institution is required to file the FFIEC 102 for the agencies' use in assessing the reasonableness and accuracy of the

institution's calculation of its minimum capital requirements under the market risk capital rule and in evaluating the institution's capital in relation to its risks. Additionally, the market risk information collected in the FFIEC 102: (a) permits the agencies to monitor the market risk profile of, and evaluate the impact and competitive implications of, the market risk capital rule on individual market risk institutions and the industry as a whole; (b) provides the most current statistical data available to identify areas of market risk on which to focus for onsite and offsite examinations; (c) allows the agencies to assess and monitor the levels and components of each reporting institution's risk-based capital requirements for market risk and the adequacy of the institution's capital under the market risk capital rule; and (d) assists market risk institutions in validating their implementation of the market risk framework.

Statutory Basis and Data Availability

The quarterly FFIEC 102 information collection is mandatory for market risk institutions: 12 U.S.C. 161 (national banks), 12 U.S.C. 324 (State member banks), 12 U.S.C. 1844(c) (bank holding companies), 12 U.S.C. 1467a(b) (savings and loan holding companies), 12 U.S.C. 5365 (U.S. intermediate holding companies), 12 U.S.C. 1817 (insured State nonmember commercial and savings banks), and 12 U.S.C. 1464 (savings associations). The FFIEC 102 information collections are not given confidential treatment.

Request for Comment

The agencies invite comment on the following topics related to these collections of information:

(a) Whether the information collections are necessary for the proper performance of the agencies' functions, including whether the information has practical utility;

(b) The accuracy of the agencies' estimates of the burden of the information collections, including the validity of the methodology and assumptions used;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of information collections on respondents, including through the use of automated collection techniques or other forms of information technology; and

(e) Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Comments submitted in response to this joint notice will be shared among the agencies. All comments will become a matter of public record.
