## General Comment

PROPIN CONFIDENTIAL

MSHA-2025-0036-0001

The Federal Mine and Safety Administration is confirming official training upon the next available date for this training session. This is important to facilitate and needed for protection of potential mining emergencies that arise.

The plan for immediate action should include Kelly Moore, Harlan Moore and Aubry Moore for initial planning and execution of the project. To follow is Kay LeJeune, 467 Fernwood Dr, Baton Rouge, LA and pending transfer is Brennan Moore, once we can access the completion of the Emergency Evacuation Plan.

4725 Evergreen Dr, Port Allen, LA is the address for the Emergency Services and potentially Aubry located at 1310 Drago Dr, Baton Rouge, LA. This is important to protect the health and safety of our Miner family members who have suffered long enough from discrimination, harassment and abuse by many others for the benefit of themselves. Please proceed as soon as possible. Thank you.
