

MIPS Promoting Interoperability Performance Category Hardship Exception Application Guide

2024 Final Document versus 2025 Final Document

Burden impact: The changes in this guide don't reflect policies in the CY 2026 Physician Fee Scheduled (PFS) proposed rule for the Quality Payment Program. There is no impact to burden as a result of the changes reflected in this crosswalk.

Content: Medicare Shared Savings Program.

Unless excluded, for performance years beginning on or after January 1, 2025, an ACO participant, ACO provider/supplier, and ACO professional that is a MIPS eligible clinician, Qualifying APM Participant (QP), or Partial Qualifying APM Participant (Partial QP) must:

- Report the MIPS Promoting Interoperability performance category measures and requirements to MIPS at the individual, group, virtual group, or APM Entity level (i.e., ACO reports on behalf of its clinicians); and
- Earn a performance category score for the MIPS Promoting Interoperability performance category at the individual, group, virtual group, or APM Entity level.

This requirement applies regardless of the Shared Savings Program track in which the ACO participant, ACO provider/supplier, or ACO professional participates. For more information, please refer to the [Frequently Asked Questions on the Shared Savings Program Requirement to Report Objectives and Measures for the MIPS Promoting Interoperability Performance Category](#).

These ACO participants, ACO providers/suppliers, and ACO professionals can apply for hardship exceptions and qualify for automatic reweighting just like other MIPS eligible clinicians.

NOTE: APM Entities, including ACOs, can't submit an application at the **APM Entity level**. You can complete the MIPS Promoting Interoperability Hardship Exception application as an individual or group. If approved, the MIPS eligible clinician will receive the APM Entity's score, but will be excluded from the calculation when we create an average Promoting Interoperability performance category score for the APM Entity.

Change #6

Reason for Change:

Updated to account for new policy related to the Medicare Shared Savings Program.

2025 Final Document text:

Section: MIPS Promoting Interoperability Performance Category Hardship Exception Information

Content: Medicare Shared Savings Program (continued)

An ACO participant, ACO provider/supplier, or ACO professional is excluded from the Shared Savings Program's requirement to report the MIPS Promoting Interoperability performance category if they meet applicable requirements for an eligible clinician to be excluded or exempt from reporting the MIPS Promoting Interoperability performance

category as set forth in the regulations at 42 CFR part 414, subpart O. Applicable exclusions include:

- Not exceeding the low volume threshold as set forth in 42 CFR 414.1310(b)(1)(iii).
- An eligible clinician (as defined in 42 CFR 414.1305) who is not a MIPS eligible clinician as set forth in 42 CFR 414.1310(b)(2).
- Reweighting of the MIPS Promoting Interoperability performance category in accordance with 42 CFR 414.1380(c)(2)(i)(C) granted by CMS based on a significant hardship or other type of exception for a specific performance year. Bases for reweighting include being, as defined in 42 CFR 414.1305:
 - A non-patient facing clinician;
 - A hospital-based clinician;
 - An Ambulatory Surgery Center (ASC)-based clinician; or
 - In a small practice.

An ACO participant, ACO provider/supplier, or ACO professional cannot be excluded from the Shared Savings Program's requirement to report the MIPS Promoting Interoperability performance category solely on the basis of being a QP or Partial QP. If a QP or Partial QP meets an exclusion noted above, or is not an eligible clinician, the QP or Partial QP would not be required to report.

NOTE: An ACO participant, ACO provider/supplier, or ACO professional that meets any of these exclusions DOES NOT need to submit a MIPS Promoting Interoperability Hardship Exception application. ACOs, including their ACO participants, ACO providers/suppliers, and ACO professionals that are MIPS eligible clinicians, QPs, or Partial QPs should know their status before submitting a hardship exception application, which cannot be granted because they are already excluded from reporting the MIPS Promoting Interoperability performance category.

The table below illustrates the 2024 performance category weights and reweighting policies that CMS will apply to clinicians, groups, and virtual groups reporting via traditional MIPS or MVPs.

Important Reminders:

- Individual Clinicians, Groups, Virtual Groups: If fewer than 2 performance categories can be scored (meaning 1 performance category is weighted at 100%, or all performance categories are weighted at 0%), the clinician, group, or virtual group will receive a final score equal to the performance threshold and the MIPS eligible clinicians will receive a neutral payment adjustment in the 2026 payment year.

According to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-1314 (Expiration date: 2/28/2027). This information collection is the tool to request that MIPS Promoting Interoperability Hardship Exception applications allow you to request that your MIPS Promoting Interoperability performance category be reweighted to 0%. The time required to complete this information collection is estimated to average 0.25 hours per response, including the time to review instructions, search existing data resources, gather the data needed, to review and complete the information collection. This information collection is voluntary and all information collected will be kept private in accordance with regulations at 45 CFR 155.260, Privacy and Security of Personally Identifiable Information. Pursuant to this regulation, CMS may only use or disclose personally identifiable information to the extent that such information is necessary to carry out their statutory and regulatory mandated functions. If you have comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: CMS, 7500 Security Boulevard, Attn: PRA Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, MD 21244-1850.
