Thank you for your service and the Armstrong support for Civilians and Health care needs.

I am tired of being denied lied to.and Human Subject. Subjected to Shame and bluntly Sold. PHI. And rejected of my own body. Neglected and abused.Fir commissions and Research. Living in a glass bubble as the world around me contributes to pain. Specific communities just stay still. Some stare with discuss. Others collecting turn there face. As if I don't know. Proliferated senses and down regulated I am. I have searched and changed so many hospitals and physicians I'm ready to give. Not much hope just another greivence. Statory limitations and threats. How I wish I could go back 2008 Prevent that knee injury, Or jumped off the table before that surgery like my spirit cried out and inflictuon 1000 genome and consortium. Loss of life Love and Fight. I'm positive many need the opertunity to transfer
