**Subject:** Proposed Revisions to NTIA Internet Use Survey Questions

Hi Christopher:

Please see the recommended edits below from the County of Los Angeles.

### **S2801 | Types of Computers and Internet Subscriptions**

- Number of households that have/don't have the digital skills to support the usage of broadband internet subscriptions and computers usage.
- Number of households that have/don't have hardware and software technical support services to support the usage of broadband internet subscriptions and computers usage.

### **S2802 | Types of Internet Subscriptions by Selected Characteristics**

- Number of households that have/don't have broadband internet subscriptions and computers disaggregated by:
  - Native and foreign born
  - Types of languages spoken at home
  - Types of disability
  - U.S military service status
  - Health insurance status
  - Incarceration status
  - Homeownership status
  - School enrollment

Thanks,
