Subject public comment on federal register FW: this needs auditing
constantly

i think the ability of the forest service to issue awards is simply another avenue for political corruption. taxpayer money should be used to feed hungry americans not for political chicanery where alleged "awards" are given to political friends, like our corrupt skanky govt constantly allows. all taxpayers are disillusioned with govt agencies like this. it is time to stop this spending. no taxpayer knows where this money goes and it seems to be completely wasted and non productive. i think these sums should be stopped now.
