BILLING CODE 4711–07–P

DEPARTMENT OF STATE

[Public Notice: 12844; No. 2025–09]

Determination Pursuant to the Foreign Missions Act

Pursuant to the authority vested in the Secretary of State under the Foreign Missions Act, 22 U.S.C. 4301, *et seq.* (“the Act”), and delegated pursuant to Department of State Delegation of Authority No. 214 of September 20, 1994, I hereby determine it is reasonably necessary to achieve one or more of the purposes set forth in section 204(b) of the Act (22 U.S.C. 4304(b)) to require Alexandre Padilha and accompanying family members to obtain approval from the Department of State’s Office of Foreign Missions prior to any travel beyond five blocks from their lodgings in New York City or beyond the routes allowing access to the point of entry, their lodgings, the United Nations Headquarters District, the Permanent Mission of Brazil to the United Nations, the residence of the Permanent Representative of Brazil to the United Nations, and facilities necessary to provide emergency medical care and to comply with any other requirements as may be established by the Director or Deputy Director of the Office of Foreign Missions with respect to geographical limitations on travel within the United States.

Clifton C. Seagroves,
Acting Director, Office of Foreign Missions,
U.S. Department of State.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Docket No. FAA–2025–0800]

Agency Information Collection Activities: Requests for Comments; Clearance of Renewed Approval of Information Collection: Unmanned Aircraft Systems (UAS) Support Center Case Management System (CMS)

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval for a renewal of an information collection. The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on June 2nd, 2025. The collection involves a public form on the *faa.gov* website to streamline how stakeholders’ questions are answered in a timely manner. Specifically, the Contact Customer Support form allows the public and other stakeholders to ask the FAA questions, as well as get the appropriate answer or information they need to operate their UAS or drone safely. The information to be collected will be used to and/or is necessary because it allows the UAS Integration Office to collect the appropriate information about the stakeholder’s name, preferred method of communications email address, phone number, zip code, type of flyer that would allow the Support Center Analysts to more efficiently answer the customer’s specific question.

DATES: Written comments should be submitted by October 29, 2025.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Jose Skinner by email at: Jose.Skinner@faa.gov; phone: 817–222–5283.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA’s

performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information.

OMB Control Number: 2120–0810.

Title: Unmanned Aircraft Systems (UAS) Support Center Case Management System (CMS).

Form Numbers: Customer Inquiry form; Customer Inquiry Status Check Form.

Type of Review: This is a renewal of an information collection.

Background: The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on June 2nd, 2025 (90 FR 23414). Unmanned Aircraft Systems (UAS) Support Center Case Management System (CMS) streamlines how respondents’ questions are answered. Specifically, the UAS Support Center CMS Customer Inquiry form allows the public and other stakeholders to ask the FAA questions, as well as get the appropriate answer/information that is needed to operate their UAS or drone safely. The UAS Support Center has a publicly available form to submit inquiries. This form allows the UAS Support Center to collect the appropriate information about the respondent’s name (*i.e.*, first and last), preferred method of communications (*i.e.*, email or phone), email address, phone number, zip code (if needed), self-identification of type of flyer (*i.e.*, recreational, commercial/business, public safety, local government, educational/research, Eyewitness Report, Unsure, and other), the subject of the inquiry, and inquiry/question). This information allows the UAS Support Center Analysts more information to efficiently answer the respondent’s specific question. The respondents public form process starts with submitting an inquiry by using the public webform, shared email inbox, or by calling the UAS Support Center Analysts. Once the public user submits an inquiry, they will receive an automated system email receipt that includes inquiry reference number, created date, “tell us about yourself,” subject, and their inquiry/question. The public users can also use the inquiry status public page to check their inquiry status. For a public user to check the status of an inquiry, the system requires the user to have and enter the reference number and email address that is used to when creating the inquiry. Once the system confirms that the email address and reference number match with the

inquiry record that's currently in the system, it will display inquiry status and created date of the inquiry.

Respondents: Anyone may use the publicly available form to submit an inquiry. The respondent may submit any number of inquiries.

Frequency: As needed.

Estimated Average Burden per

Response: Less than two minutes for a typical inquiry.

Estimated Total Annual Burden: The majority of respondents submit a one-time inquiry. The annual burden per respondent per inquiry is two minutes. Estimate around 33,000 inquiries per year equating to 66,000 minutes of total burden to the public per year.

Issued in Washington, DC.

Jennifer Audette,

Manager, UAS Integration Office, Operational Programs, AUS-410.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Transit Administration

[FTA Docket No. FTA 2025-0167]

Agency Information Collection Activity Under OMB Review: Fixed Guideway Capital Investment Grants (CIG) Program Section 5309

AGENCY: Federal Transit Administration, Department of Transportation (DOT).

ACTION: Notice of request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, this notice announces that the Information Collection Requirements (ICRs) abstracted below have been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describe the nature of the information collection and their expected burdens.

DATES: Comments must be submitted on or before October 31, 2025.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to <https://www.reginfo.gov/public/do/PRAMain>. Find this particular information collection by selecting "Currently under Review—Open for Public Comments" or by using the search function.

Comments Are Invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of

the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology. A comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication of this notice in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Tia Swain, Office of Administration, Management Planning Division, 1200 New Jersey Avenue SE, Mail Stop TAD-10, Washington, DC 20590, (202) 366-0354 or tia.swain@dot.gov.

SUPPLEMENTARY INFORMATION: The Paperwork Reduction Act of 1995 (PRA), Public Law 104-13, Section 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501-3520), and its implementing regulations, 5 CFR part 1320, require Federal agencies to issue two notices seeking public comment on information collection activities before OMB may approve paperwork packages. 44 U.S.C. 3506, 3507; 5 CFR 1320.5, 1320.8(d)(1), 1320.12. On July 28, 2025, FTA published a 60-day notice (90 FR 35572) in the **Federal Register** soliciting comments on the ICR that the agency was seeking OMB approval. FTA received no comments after issuing this 60-day notice. Accordingly, DOT announces that these information collection activities have been re-evaluated and certified under 5 CFR 1320.5(a) and forwarded to OMB for review and approval pursuant to 5 CFR 1320.12(c).

Before OMB decides whether to approve these proposed collections of information, it must provide 30 days for public comment. 44 U.S.C. 3507(b); 5 CFR 1320.12(d). Federal law requires OMB to approve or disapprove paperwork packages between 30 and 60 days after the 30-day notice is published. 44 U.S.C. 3507 (b)-(c); 5 CFR 1320.12(d); *see also* 60 FR 44978, 44983. OMB believes that the 30-day notice informs the regulated community to file relevant comments and affords the agency adequate time to digest public comments before it renders a decision. 60 FR 44983. Therefore, respondents should submit their respective comments to OMB within 30 days of publication to best ensure having their full effect. 5 CFR 1320.12(c); *see also* 60 FR 44983.

The summaries below describe the nature of the information collection requirements (ICRs) and the expected burden. The requirements are being

submitted for clearance by OMB as required by the PRA.

Title: Fixed Guideway Capital Investment Grants (CIG) Program Section 5309.

OMB Control Number: 2132-0561.

Background: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Federal Transit Administration (FTA) is requesting Office of Management and Budget (OMB) 3-year approval of an extension without change for a currently approved collection. The Federal Transit Administration (FTA) administers the discretionary Capital Investment Grants (CIG) grant program under 49 U.S.C. 5309 that provides funding for major transit capital investments including heavy rail, light rail, commuter rail, streetcar, bus rapid transit, and ferries. Three types of eligible projects are outlined in law: smaller scaled transit capital projects known as "Small Starts"; new fixed guideway transit systems and extensions to existing fixed guideway systems known as "New Starts"; and projects to improve overall system capacity in existing fixed guideway corridors, known as "Core Capacity". The CIG program has a longstanding requirement that FTA evaluate proposed projects against a prescribed set of statutory criteria at specific points during the projects' development including when they seek to enter a subsequent phase of the process or a construction grant agreement. In addition, FTA must report on its evaluations and ratings annually to Congress.

The current Federal Public Transportation Law, 49 U.S.C. 5309, has not changed the statutorily defined project justification and local financial commitment criteria that are the subject of this information collection. In addition, the statutorily required approval steps for projects seeking CIG funds have not changed. FTA will seek comment from stakeholders through the publication of a separate **Federal Register** Notice outside of the PRA process. In general, the information used by FTA for CIG project evaluation and rating should arise as a part of the normal project planning process.

Estimated Total Annual Respondents: 155.

Estimated Annual Total Responses: 55,720.

Estimated Annual Burden Hours on Respondents: 2,870,695.

Frequency: Annually.

Kusum Dhyani,

Director, Office of Management Planning.
