Caution: DRAFT—NOT FOR FILING

This is an early release draft of an IRS tax form, instructions, or publication, which the IRS is providing for your information. **Do not file draft forms.** We incorporate all significant changes to forms posted with this coversheet. However, unexpected issues occasionally arise, or legislation is passed—in this case, we will post a new draft of the form to alert users that changes were made to the previously posted draft. Thus, there are never any changes to the last posted draft of a form and the final revision of the form. Forms and instructions are subject to OMB approval before they can be officially released, so we post drafts of them until they are approved. Drafts of instructions and pubs usually have some additional changes before their final release. Early release drafts are at [IRS.gov/DraftForms](https://www.irs.gov/DraftForms) and remain there after the final release is posted at [IRS.gov/LatestForms](https://www.irs.gov/LatestForms). Also see [IRS.gov/Forms](https://www.irs.gov/Forms).

Most forms and publications have a page on IRS.gov: [IRS.gov/Form1040](https://www.irs.gov/Form1040) for Form 1040; [IRS.gov/Pub501](https://www.irs.gov/Pub501) for Pub. 501; [IRS.gov/W4](https://www.irs.gov/W4) for Form W-4; and [IRS.gov/ScheduleA](https://www.irs.gov/ScheduleA) for Schedule A (Form 1040), for example, and similarly for other forms, pubs, and schedules for Form 1040. When typing in a link, type it into the address bar of your browser, not a Search box on IRS.gov.

If you wish, you can submit comments to the IRS about draft or final forms, instructions, or pubs at [IRS.gov/FormsComments](https://www.irs.gov/FormsComments). Include “NTF” followed by the form or pub number (for example, “NTF1040”, “NTFW4”, “NTF501”, etc.) in the body of the message to route your message properly. We cannot respond to all comments due to the high volume we receive and may not be able to consider many suggestions until the subsequent revision of the product, but we will review each “NTF” message. If you have comments on reducing paperwork and respondent (filer) burden, with respect to draft or final forms, please respond to the relevant information collection through the Federal Register process; for more info, click [here](#).

Instructions for Form 1120-PC

U.S. Property and Casualty Insurance Company Income Tax Return

Section references are to the Internal Revenue Code unless otherwise noted.

Future Developments

For the latest information about developments related to Form 1120-PC and its instructions, such as legislation enacted after they were published, go to [IRS.gov/Form1120PC](https://www.irs.gov/Form1120PC).

What's New

Increase in penalty for failure to file. For tax returns required to be filed in 2026, the minimum penalty for failure to file a tax return that is more than 60 days late has increased to the smaller of the tax due or \$525. See [Late filing of return](#), later.

Electronic payments. If the corporation has access to U.S. banking services or electronic payment systems, it should use direct deposit for any refunds and pay electronically for any payments, whenever possible.

Direct deposit. Direct deposit fields have been added onto the form on lines 21c and 21e. If there is an overpayment on line 20, enter the amount the corporation wants refunded on line 21b and complete the direct deposit information on lines 21c and 21e. Instead of a direct deposit of the corporation's refund, it can still choose to have all or part of the overpayment credited to next year's estimated tax by completing line 21a.

Making a payment. If there is a balance due on line 19, go to [IRS.gov/Payments](https://www.irs.gov/Payments) for information on how to make a payment. See [Line 19](#), later, for more details.

Domestic research and experimental expenditures. P.L. 119-21 adds new section 174A to the Internal Revenue Code. Section 174A(a) allows corporations to deduct amounts paid or incurred for domestic research and experimental expenditures in tax years beginning after December 31, 2024. Alternatively, under section 174A(c), a corporation may elect to charge such expenditures to a capital account and amortize such expenditures ratably over a period of not less than 60 months, beginning with the month in which the corporation first realizes benefits from such expenditures. In addition, section 70302(f) of P.L. 119-21 provides corporations with various transition options that may be applied to recover unamortized amounts paid or incurred in tax years beginning after December 31, 2021, and before January 1, 2025, that were capitalized and amortized for such taxable years. See Rev. Proc. 2025-28 for information regarding the transition options contained in section 70302(f) of P.L. 119-21, as well as the procedures to follow to begin applying either section 174A(a) or (c) for the corporation's first tax year beginning after December

31, 2024. See Revenue Procedure 2025-28, available at [IRS.gov/irb/2025-38_IRB#REV-PROC-2025-28](https://www.irs.gov/irb/2025-38_IRB#REV-PROC-2025-28) for information regarding both elections.

Gain from the sale or exchange of qualified farmland property to qualified farmers. P.L. 119-21 created new section 1062 regarding the gain from the sale or exchange of qualified farmland property to qualified farmers. Section 1062 allows taxpayers to elect to pay the net income tax attributable to the gain from the sale or exchange of qualified farmland property to qualified farmers in four equal annual installments. This election is available for sales and exchanges of qualified farmland property to a qualified farmer in tax years beginning after July 4, 2025. For more information, see section 1062 and new Form 1062, Deferral of Tax on Gain From the Sale or Exchange of Qualified Farmland Property to Qualified Farmers, when it is available. To report the section 1062 applicable net tax liability and the installment due in the first tax year, two lines were revised on Form 1120-PC. Report the full amount of section 1062 applicable net tax liability on line 16g. Report the first installment due in tax year 2025 on Form 1120-PC, line 15b. For more information, see the instructions for [line 15b](#) and [line 16g](#).

Extension of relief from additions to tax underpayments applicable to the corporate alternative minimum tax (CAMT). For tax year 2025, the IRS will waive the penalty imposed under section 6655 for failure to make estimated tax payments attributable to a CAMT liability. See Notice 2025-27, 2025-26 I.R.B. 1611, available at [IRS.gov/irb/2025-26_IRB#NOT-2025-27](https://www.irs.gov/irb/2025-26_IRB#NOT-2025-27). Also, see the instructions for [Line 18](#).

Interim simplified method to determine applicable corporation status. Proposed Regulations section 1.59-2(g)(2) provides that a corporation may choose to apply the safe harbor method (simplified method) for purposes of determining whether it is an applicable corporation under section 59(k). Notice 2025-27, section 3.03 provides an optional interim simplified method for determining applicable corporation status. See the instructions for [Schedule I, Question 20](#). Also, see the Instructions for Form 4626.

Interest on loans secured by rural or agricultural real property. P.L. 119-21 enacted new section 139L. For tax years ending after July 4, 2025, section 139L allows a partial exclusion from the gross income of interest received by qualified lenders on loans secured by rural or agricultural real property. See section 139L. Also, see Notice 2025-71, 2025-50 I.R.B. 779, available at [IRS.gov/irb/2025-50_IRB#NOT-2025-71](https://www.irs.gov/irb/2025-50_IRB#NOT-2025-71).

The IRS is a proud partner with the [National Center for Missing & Exploited Children® \(NCMEC\)](#). Photographs of missing children selected by the Center may appear in instructions on pages that would otherwise be blank. The Taxpayer Advocate Service

The Taxpayer Advocate Service (TAS) is an **independent** organization within the IRS that helps taxpayers and protects taxpayer rights. TAS's job is to ensure that every taxpayer is treated fairly and knows and understands their rights under the [Taxpayer Bill of Rights](#).

As a taxpayer, the corporation has rights that the IRS must abide by in its dealings with the corporation. TAS can help the corporation if:

- A problem is causing financial difficulty for the business;
- The business is facing an immediate threat of adverse action; and
- The corporation has tried repeatedly to contact the IRS but no one has responded, or the IRS hasn't responded by the date promised.

The TAS tax toolkit at [TaxpayerAdvocate.IRS.gov](#) can help the corporation understand these rights.

TAS has offices in every state, the District of Columbia, and Puerto Rico. Local advocates' numbers are in their local directories and at [TaxpayerAdvocate.IRS.gov/Contact-Us](#). The corporation can also call TAS at 877-777-4778.

TAS also works to resolve large-scale or systemic problems that affect many taxpayers. If the corporation knows of one of these broad issues, please report it to TAS through the Systemic Advocacy Management System at [IRS.gov/SAMS](#).

For more information, go to [IRS.gov/Advocate](#).

General Instructions

Purpose of Form

Use Form 1120-PC to report the income, gains, losses, deductions, and credits, and to figure the income tax liability of insurance companies, other than life insurance companies.

Who Must File

Every domestic nonlife insurance company and every foreign corporation that would qualify as a nonlife insurance company subject to taxation under section 831, if it were a U.S. corporation, must file Form 1120-PC. This includes organizations described in section 501(m)(1) that provide commercial-type insurance and organizations described in section 833.

Exceptions. A nonlife insurance company that is:

- Exempt under section 501(c)(15) should file Form 990, Return of Organization Exempt From Income Tax;
- Subject to taxation under section 831, and disposes of its insurance business and reserves, or otherwise ceases to be taxed under section 831, but continues its corporate existence while winding up and liquidating its affairs, should file Form 1120, U.S. Corporation Income Tax Return.

Life insurance companies. Life insurance companies should file Form 1120-L, U.S. Life Insurance Company Income Tax Return.

Foreign-owned domestic disregarded entities. If a foreign person, including a foreign corporation, wholly owns a domestic disregarded entity (DE), the domestic DE is treated as a domestic corporation separate from its owner (the foreign corporation) for purposes of the reporting requirements under section 6038A that apply to 25% foreign-owned domestic corporations. These rules apply to a domestic DE owned by a foreign insurance company that makes an election under section 953(c)(3) (C) but do not apply to a domestic DE owned by a foreign insurance company that makes an election under section 953(d) (for information on these elections, see the instructions for [item D](#)). If a foreign insurance company electing under section 953(c)(3)(C) wholly owns a domestic DE, the DE is required to file Form 5472, Information Return of a 25% Foreign-Owned U.S. Corporation or a Foreign Corporation Engaged in a U.S. Trade or Business. For additional information and coordination with Form 5472 filing by the domestic DE, see the Instructions for Form 5472.

Electronic Filing

Go to [IRS.gov/Filing](#) for the latest information. Also, go to [IRS.gov/MeF](#) and click on the link for "Modernized e-file Forms" for information on which forms the corporation can or must *e-file*.

When To File

Generally, a corporation must file its income tax return by the 15th day of the 4th month after the end of its tax year.

Where To File

File the corporation's return at the applicable IRS address listed below.

If the corporation's principal business, office, or agency is located in:	Use the following address:
The United States	Department of the Treasury Internal Revenue Service Ogden, UT 84201-0012
A foreign country or U.S. territories	Internal Revenue Service P.O. Box 409101 Ogden, UT 84409

A new corporation filing a short-period return must generally file by the 15th day of the 4th month after the short period ends. A corporation that has dissolved must generally file by the 15th day of the 4th month after the date it dissolved.

However, a corporation with a fiscal tax year ending June 30 must file by the 15th day of the 3rd month after the end of its tax year. A corporation with a short tax year ending any time in June will be treated as if the short year ended on June 30, and must file by the 15th day of the 3rd month after the end of its tax year.

If the due date falls on a Saturday, Sunday, or legal holiday, the corporation can file on the next business day.

Private Delivery Services

Corporations can use certain private delivery services (PDSs) designated by the IRS to meet the "timely mailing as timely filing" rule for tax returns. Go to [IRS.gov/PDS](https://www.irs.gov/PDS) for the current list of designated services.

The PDS can tell you how to get written proof of the mailing date.

For the IRS mailing address to use if you are using a PDS, go to [IRS.gov/PDSstreetAddresses](https://www.irs.gov/PDSstreetAddresses).

Caution: Private delivery services cannot deliver items to P.O. boxes. You must use the U.S. Postal Service to mail any item to an IRS P.O. box address.

Extension of Time To File

File Form 7004, Application for Automatic Extension of Time To File Certain Business Income Tax, Information, and Other Returns, to request an extension of time to file. Generally, the corporation must file Form 7004 by the regular due date of the return. See the Instructions for Form 7004.

Who Must Sign

The return must be signed and dated by:

- The president, vice president, treasurer, assistant treasurer, chief accounting officer; or
- Any other corporate officer (such as a tax officer) authorized to sign.

If a return is filed on behalf of a corporation by a receiver, trustee, or assignee, the fiduciary must sign the return instead of the corporate officer. Returns and forms signed by a receiver or trustee in bankruptcy on behalf of a corporation must be accompanied by a copy of the order

or instructions of the court authorizing signing of the return or form.

Paid Preparer Use Only section. If an employee of the corporation completes Form 1120-PC, the paid preparer space should remain blank. Anyone who prepares Form 1120-PC but does not charge the corporation should not complete that section. Generally, anyone who is paid to prepare the return must sign it and complete the section.

The paid preparer must complete the required preparer information and:

- Sign the return in the space provided for the preparer's signature,
- Include their Preparer Tax Identification Number (PTIN); and
- Give a copy of the return to the taxpayer.

A paid preparer may sign original or amended returns by rubber stamp, mechanical device, or computer software program.

Paid Preparer Authorization

If the corporation wants to allow the IRS to discuss its 2025 tax return with the paid preparer who signed it, check the "Yes" box in the signature area of the return. This authorization applies only to the individual whose signature appears in the "Paid Preparer Use Only" section of the return. It does not apply to the firm, if any, shown in that section.

If the "Yes" box is checked, the corporation is authorizing the IRS to call the paid preparer to answer any questions that may arise during the processing of its return. The corporation is also authorizing the paid preparer to:

- Give the IRS any information that is missing from the return;
- Call the IRS for information about the processing of the return or the status of any related refund or payment(s); and
- Respond to certain IRS notices about math errors, offsets, and return preparation.

The corporation is not authorizing the paid preparer to receive any refund check, bind the corporation to anything (including any additional tax liability), or otherwise represent the corporation before the IRS.

The authorization will automatically end no later than the due date (excluding extensions) for filing the corporation's 2026 tax return. If the corporation wants to

expand the paid preparer's authorization or revoke the authorization before it ends, see Pub. 947, Practice Before the IRS and Power of Attorney.

Statements

NAIC annual statement. Regulations section 1.6012-2(c) requires that the National Association of Insurance Commissioners (NAIC) annual statement be filed with Form 1120-PC. A foreign insurance company subject to tax under section 831 that is not required to file an annual statement must file a copy of the pro forma annual statement. A penalty for the late filing of a return may be imposed for not including the annual statement when the return is filed. However, see *Electronic filing*, next.

Electronic filing. If the domestic or foreign nonlife insurance company files Form 1120-PC electronically, do not attach the annual statement or pro forma annual statement to the electronically filed return. However, you must provide a copy of the annual statement or pro forma annual statement to the IRS if requested and retain it with your other tax records for the period required by the regulations.

Reconciliation. Corporations that do not file a Schedule M-3 (Form 1120-PC), Net Income (Loss) Reconciliation for U.S. Property and Casualty Insurance Companies With Total Assets of \$10 Million or More, with Form 1120-PC must attach a statement that reconciles the NAIC annual statement to Form 1120-PC.

Assembling the Return

To ensure that the corporation's tax return is correctly processed, attach all schedules and other forms after page 9 of Form 1120-PC in the following order.

1. Schedule N (Form 1120).
2. Schedule O (Form 1120).
3. Form 4626.
4. Form 4136.
5. Form 8978.
6. Form 965-B.
7. Form 8941.
8. Form 3800.
9. Form 8283 (New)
10. Form 4255
11. Additional schedules in alphabetical order.
12. Additional forms in numerical order.
13. Supporting statements and attachments.

Complete every applicable entry space on Form 1120-PC. Do not enter "See Attached" or "Available Upon Request" instead of completing the entry spaces. If more space is needed on the forms or schedules, attach separate sheets using the same size and format as the printed forms. If there are supporting statements and attachments, arrange them in the same order as the schedules or forms they support and attach them last. Show the totals on the printed forms. Enter the corporation's name and employer identification number (EIN) on each supporting statement or attachment.

Tax Payments

Generally, the corporation must pay any tax due in full no later than the due date for filing its tax return (not including extensions). See the instructions for [line 19](#). If the due date falls on a Saturday, Sunday, or legal holiday, the payment is due on the next day that isn't a Saturday, Sunday, or legal holiday.

Electronic Deposit Requirement

Corporations must use electronic funds transfer (EFT) to make all federal tax deposits (such as deposits of employment, excise, and corporate income tax). An EFT can be made using the Electronic Federal Tax Payment System (EFTPS), IRS Direct Pay, or the corporation's IRS business tax account.

If the corporation does not want to use one of these methods, it can arrange for its tax professional, financial institution, payroll service, or other trusted third party to make deposits on its behalf. Also, it can arrange for its financial institution to submit a same-day payment (discussed later) on its behalf. EFTPS is a free service provided by the Department of the Treasury. Payments made using IRS Direct Pay or through the corporation's IRS business tax account are also free. Services provided by a tax professional, financial institution, payroll service, or other third party may have a fee.

To get more information about EFTPS or to enroll in EFTPS, go to [EFTPS.gov](#) or call 800-555-4477. To contact EFTPS using Telecommunications Relay Services (TRS) for people who are deaf, hard of hearing, or have a speech disability, dial 711 and provide the TRS assistant the 800-555-4477 number above or 800-733-4829. Additional information about EFTPS is available in Pub. 966, Electronic Federal Tax Payment System: A Guide to Getting Started.

For more information about IRS Direct Pay, go to [IRS.gov/DirectPay](#). For more information about making an EFT through the corporation's IRS business tax account, go to [IRS.gov/BusinessAccount](#).

Depositing on time. EFTPS accepts same day payments of \$1 million or less if the payment is submitted before 3:00 p.m. Eastern time on a business day. If the corporation's payment is more than \$1 million, the corporation must submit the deposit by 8:00 p.m. Eastern time the day before the date the deposit is due. If the corporation uses a third party to make deposits on its behalf, they may have different cutoff times.

Same-day wire payment option. If the corporation fails to submit a deposit transaction on EFTPS timely it can still make the deposit on time by using the Federal Tax Collection Service (FTCS). Before using the same-day wire payment method, the corporation will need to make arrangements with its financial institution ahead of time regarding availability, deadlines, and costs. Financial institutions may charge a fee for payments made this way. To learn more about making a same-day wire payment, go to [IRS.gov/SameDayWire](#).

Estimated Tax Payments

Generally, the following rules apply to the corporation's payments of estimated tax.

- The corporation must make installment payments of estimated tax if it expects its total tax for the year (less applicable credits) to be \$500 or more.
- The installments are due by the 15th day of the 4th, 6th, 9th, and 12th months of the tax year. If any date falls on a Saturday, Sunday, or legal holiday, the installment is due on the next regular business day.
- The corporation must use electronic funds transfer to make installment payments of estimated tax.
- If, after the corporation figures and deposits estimated tax, it finds that its tax liability for the year will be more or less than originally estimated, it may have to refigure its required installments. If earlier installments were underpaid, the corporation may owe a penalty. See [Estimated tax penalty](#).
- If the corporation overpaid estimated tax, it may be able to get a quick refund by filing Form 4466, Corporation Application for Quick Refund of Overpayment of Estimated Tax. See the instructions for Form 1120-PC, page 1, [line 16c](#).

See section 6655 and Pub. 542, Corporations, for more information on estimated taxes.

Estimated tax penalty. A corporation that does not make estimated tax payments when due may be subject to an underpayment penalty for the period of underpayment. Generally, a corporation is subject to the penalty if its tax liability is \$500 or more and it did not timely pay at least the smaller of:

- Its tax liability for the current year, or
- Its prior year tax.

See section 6655 for details and exceptions, including special rules for large corporations.

Use Form 2220, Underpayment of Estimated Tax by Corporations, to see if the corporation owes a penalty and to figure the amount of the penalty. If Form 2220 is completed, enter the penalty on page 1, line 18. See the instructions for [line 18](#). Also, see [Extension of relief from additions to tax underpayments applicable to the corporate alternative minimum tax \(CAMT\)](#).

Caution: Foreign insurance companies, see Notice 90-13, 1990-1 C.B. 321, before computing estimated tax.

Interest and Penalties

Caution: If the corporation receives a notice about penalties after it files its return, send the IRS an explanation and we will determine if the corporation meets the criteria for the reasonable-cause exception to the penalties. Do not attach an explanation when the corporation's return is filed.

Interest. Interest is charged on taxes paid late even if an extension of time to file is granted. Interest is also charged on penalties imposed for failure to file, negligence, fraud, substantial valuation misstatements, substantial understatements of tax, and reportable transaction understatements from the due date (including extensions) to the date of payment. The interest charge is figured at a rate determined under section 6621.

Late filing of return. A corporation that does not file its tax return by the due date, including extensions, may be penalized 5% of the unpaid tax for each month or part of a

month the return is late, up to a maximum of 25% of the unpaid tax. The minimum penalty for a tax return required to be filed in 2026 that is over 60 days late is the smaller of the tax due or \$525 (adjusted for inflation). The penalty will not be imposed if the corporation can show that the failure to file on time was due to reasonable cause. See [Caution](#), earlier.

Late payment of tax. A corporation that does not pay the tax when due may generally be penalized 1/2 of 1% of the unpaid tax for each month or part of a month the tax is not paid, up to a maximum of 25% of the unpaid tax. See [Caution](#), earlier.

Trust fund recovery penalty. This penalty may apply if certain excise, income, social security, and Medicare taxes that must be collected or withheld are not collected or withheld, or these taxes are not paid. These taxes are generally reported on:

- Form 720, Quarterly Federal Excise Tax Return;
- Form 941, Employer's QUARTERLY Federal Tax Return;
- Form 944, Employer's ANNUAL Federal Tax Return; or
- Form 945, Annual Return of Withheld Federal Income Tax.

The trust fund recovery penalty may be imposed on all persons who are determined by the IRS to be responsible for collecting, accounting for, or paying over these taxes, and who acted willfully in not doing so. The penalty is equal to the full amount of the unpaid trust fund tax. For details, including the definition of responsible persons, see the Instructions for Form 720 or Pub. 15 (Circular E), Employer's Tax Guide.

Other penalties. Other penalties can be imposed for negligence, substantial understatement of tax, reportable transaction understatements, and fraud. See sections 6662, 6662A, and 6663.

Accounting Methods

Figure taxable income using the method of accounting regularly used in keeping the corporation's books and records. In all cases, the method used must clearly reflect taxable income. Permissible methods include cash, accrual, or any other method authorized by the Internal Revenue Code.

The gross amounts of underwriting and investment income should be computed on the basis of the Statement of Income of the NAIC annual statement to the extent not inconsistent with the Internal Revenue Code and its regulations. In all cases, the method used must clearly show taxable income.

Change in accounting method. Generally, the corporation must get IRS consent to change either an overall method of accounting or the accounting treatment of any material item for income tax purposes. To obtain consent, the corporation must generally file Form 3115, Application for Change in Accounting Method, during the tax year for which the change was requested. See the Instructions for Form 3115 and Pub. 538, Accounting Periods and Methods, for more information and exceptions, including filing exceptions for qualified small business taxpayers. Also see the Instructions for Form 3115 for procedures that may apply for obtaining

automatic consent to change certain methods of accounting, non-automatic change procedures, and reduced Form 3115 filing requirements.

Safe harbor method of accounting for premium acquisition expenses. Insurance companies subject to tax under section 831 are provided with a safe harbor method of accounting for premium acquisition expenses. Form 3115 must be filed in order to change to the safe harbor method. For more information, see the Instructions for Form 3115.

Certain changes in method of accounting for organizations to which section 833 applies. Blue Cross or Blue Shield organizations under section 833(c)(2), or organizations described in section 833(c)(3), can obtain automatic consent to change the method of accounting for unearned premiums resulting from either a failure to meet the medical loss ratio (MLR) requirements of section 833(c)(5), or meeting the MLR requirements after failing to do so in a prior year. Form 3115 must be filed in order to make this change in accounting method. See the Instructions for Form 3115.

Accounting Period

An insurance company must figure its taxable income on the basis of a tax year. A tax year is the annual accounting period an insurance company uses to keep its records and report its income and expenses.

As a general rule under section 843, the tax year for every insurance company is the calendar year. However, if an insurance company joins in the filing of a consolidated return, it may adopt the tax year of the common parent corporation even if that year is not a calendar year.

Rounding Off to Whole Dollars

The corporation may enter decimal points and cents when completing its tax return. However, the corporation should round off cents to whole dollars on its return, forms, and schedules to make completing its return easier. The corporation must either round off all amounts on its return to whole dollars, or use cents for all amounts. To round, drop amounts under 50 cents and increase amounts from 50 to 99 cents to the next dollar. For example, \$8.40 rounds to \$8 and \$8.50 rounds to \$9.

If two or more amounts must be added to figure the amount to enter on a line, include cents when adding the amounts and round off only the total.

Recordkeeping

Keep the corporation's records for as long as they may be needed for the administration of any provision of the Internal Revenue Code. Usually, records that support an item of income, deduction, or credit on the return must be kept for 3 years from the date the return is due or filed, whichever is later. Keep records that verify the corporation's basis in property for as long as they are needed to figure the basis of the original or replacement property.

The corporation should keep copies of all filed returns. They help in preparing future and amended returns and in the calculation of earnings and profits.

Other Forms and Statements That May Be Required

Reportable transaction disclosure statement.

Participants in any reportable transaction must file Form 8886, Reportable Transaction Disclosure Statement. See the Instructions for Form 8886.

Reportable transactions by material advisors.

Material advisors to any reportable transaction must file Form 8918, Material Advisor Disclosure Statement. See the Instructions for Form 8918.

Transfers to a corporation controlled by the transferor.

Every significant transferor (as defined in Regulations section 1.351-3(d)(1)) that receives stock of a corporation in exchange for property in a nonrecognition event must include the statement required by Regulations section 1.351-3(a) on or with the transferor's tax return for the tax year of the exchange. The transferee corporation must include the statement required by Regulations section 1.351-3(b) on or with its return for the tax year of the exchange, unless all the required information is included in any statement(s) provided by a significant transferor that is attached to the same return for the same section 351 exchange. If the transferor or transferee corporation is a controlled foreign corporation (CFC), each U.S. shareholder (within the meaning of section 951(b)) must include the required statement on or with its return.

Distributions under section 355. Every corporation that makes a distribution of stock or securities of a controlled corporation, as described in section 355 (or so much of section 356 as it relates to section 355), must include the statement required by Regulations section 1.355-5(a) on or with its return for the year of the distribution. A significant distributee (as defined in Regulations section 1.355-5(c)) that receives stock or securities of a controlled corporation must include the statement required by Regulations section 1.355-5(b) on or with its return for the year of receipt. If the distributing or distributee corporation is a CFC, each U.S. shareholder (within the meaning of section 951(b)) must include the statement on or with its return.

Dual-consolidated losses. If a domestic corporation incurs a dual-consolidated loss (as defined in Regulations section 1.1503(d)-1(b)(5)), the corporation (or consolidated group) may need to attach a domestic use agreement and/or an annual certification, as provided in Regulations sections 1.1503(d)-6(d) and (g).

Election to reduce basis under section 362(e)(2)(C).

If property is transferred to a corporation subject to section 362(e)(2), the transferor and the transferee corporation may elect, under section 362(e)(2)(C), to reduce the transferor's basis in the stock received instead of reducing the transferee corporation's basis in the property transferred. Once made, the election is irrevocable. For more information, see section 362(e)(2) and Regulations section 1.362-4. If an election is made, a statement must be filed in accordance with Regulations section 1.362-4(d)(3).

Other forms and statements. See Pub. 542, Corporations, for a list of other forms and statements a

corporation may need to file in addition to the forms and statements discussed throughout these instructions.

Specific Instructions

Period Covered

Generally, file the 2025 return for calendar year 2025. However, if an insurance company joins in the filing of a consolidated return, it may adopt the tax year of the common parent corporation even if that year is not a calendar year. For a fiscal or short tax year return, fill in the tax year space at the top of the form.

Name and Address

Enter the corporation's true name (as set forth in the charter or other legal document creating it), address, and EIN on the appropriate lines. Enter the address of the corporation's principal office or place of business. Include the suite, room, or other unit number after the street address. If the post office does not deliver mail to the street address and the corporation has a P.O. box, show the box number instead.

Do not use the address of the registered agent for the state in which the corporation is incorporated. For example, if a business is incorporated in Delaware or Nevada and the corporation's principal office is located in Little Rock, Arkansas, the corporation should enter the Little Rock address.

If the corporation has a foreign address, include the city or town, state or province, country, and foreign postal code. Do not abbreviate the country name. Follow the country's practice for entering the name of the state or province and postal code.

If the corporation receives its mail in care of a third party (such as an accountant or an attorney), enter on the street address line "C/O" followed by the third party's name and street address or P.O. box.

Item A. Identifying Information

Consolidated Return

If an affiliated group of corporations includes one or more domestic life insurance companies taxed under section 801, the common parent may elect to treat those companies as includible corporations. The life insurance companies must have been members of the group for the 5 tax years immediately preceding the tax year for which the election is made. See section 1504(c)(2) and Regulations section 1.1502-47(b)(12).

Corporations filing a consolidated return must check box 1 in Item A and attach Form 851, Affiliations Schedule, and other supporting statements to the return. Also, for the first year a subsidiary corporation is being included in a consolidated return, attach Form 1122, Authorization and Consent of Subsidiary Corporation To Be Included in a Consolidated Income Tax Return, to the parent's consolidated return. Attach a separate Form 1122 for each new subsidiary being included in the consolidated return.

File supporting statements for each corporation included in the consolidated return. Do not use Form

1120-PC as a substitute for the supporting statement. On the supporting statement, use columns to show the following, both before and after adjustments.

1. Items of gross income and deductions.
2. A computation of taxable income.
3. Balance sheets as of the beginning and end of the tax year.
4. A reconciliation of income per books with income per return.
5. A reconciliation of retained earnings.

Enter on Form 1120-PC the totals for each item of income, gain, loss, expense, or deduction, net of eliminating entries for intercompany transactions between corporations within the consolidated group. Attach consolidated balance sheets and a reconciliation of consolidated retained earnings.

For more information on consolidated returns, see the regulations under section 1502.

If a nonlife insurance company is a member of an affiliated group, file Form 1120-PC as an attachment to the consolidated return in addition to the supporting statements discussed earlier. Across the top of page 1 of Form 1120-PC, enter "Supporting Statement to Consolidated Return."

Life-Nonlife Consolidated Return

If the corporation is the common parent of a life-nonlife consolidated group, check boxes 1 and 2 in Item A.

Filing requirements. The common parent of a life-nonlife consolidated group is required to do the following.

- File the applicable consolidated corporate income tax return as one of the following: a Form 1120-L, where the common parent is a life insurance company; a Form 1120-PC, where the common parent is an insurance company, other than a life insurance company; or a Form 1120, where the common parent is any other type of corporation.
- Indicate clearly on the face of the return that the corporate tax return is a life-nonlife return. This requirement is satisfied by checking boxes 1 and 2 in Item A.
- Show any setoffs required by paragraphs (e), (h), and (j) of Regulations section 1.1502-47.
- Report separately the nonlife consolidated taxable income or loss, determined under Regulations section 1.1502-47(f), on a Form 1120 or 1120-PC (whether filed by the common parent or as an attachment to the consolidated return), for all nonlife members of the consolidated group.
- Report separately the consolidated life insurance company taxable income (as defined by Regulations section 1.1502-47(b)(3)) determined under Regulations section 1.1502-47, on a Form 1120-L (whether filed by the common parent or as an attachment to the consolidated return), for all life members of the consolidated group.

Schedule M-3 (Form 1120-PC)

A nonlife insurance company with total assets (nonconsolidated or consolidated for all companies

included within a tax consolidation group) of \$10 million or more on the last day of the tax year must file Schedule M-3 (Form 1120-PC) instead of Schedule M-1. A corporation filing Form 1120-PC that is not required to file Schedule M-3 may voluntarily file Schedule M-3 instead of Schedule M-1.

If you are filing Schedule M-3 (Form 1120-PC), check box 3 in Item A, at the top of page 1 of Form 1120-PC. See the Instructions for Schedule M-3 (Form 1120-PC) for more details.

Note: If you do not file Schedule M-3 (Form 1120-PC) with Form 1120-PC, see [Reconciliation](#) under [Statements](#), earlier.

Item B. Employer Identification Number (EIN)

Enter the corporation's EIN. If the corporation does not have an EIN, it must apply for one. An EIN can be applied for in any of the following ways.

- Online—Go to [IRS.gov/EIN](https://irs.gov/EIN). The EIN is issued immediately once the application information is validated.
- By faxing or mailing Form SS-4, Application for Employer Identification Number.

Caution: Corporations located in the United States or U.S. territories can use the online application. Foreign corporations may call 267-941-1099 (not a toll-free number) for more information on obtaining an EIN. See the Instructions for Form SS-4.

EIN applied for, but not received. If the corporation has not received its EIN by the time the return is due, enter "Applied For" and the date the corporation applied in the space for the EIN. However, if the corporation is filing its return electronically, an EIN is required at the time the return is filed. An exception applies to subsidiaries of corporations whose returns are filed with the parent's electronically filed consolidated Form 1120. These subsidiaries should enter "Applied For" in the space for the EIN on their returns. The subsidiaries' returns are identified under the parent corporation's EIN.

For more information, see the Instructions for Form SS-4.

Item D. Section 831(b) and Section 953 Elections

Check the applicable box(es) if an election is made under section(s) 831(b), 953(c)(3)(C), or 953(d).

Section 831(b) election. Check the "831(b)" box if the insurance company elects to be taxed on taxable investment income in lieu of the tax otherwise applicable under section 831(a). Section 831(b) applies to a small insurance company, as defined under section 831(b)(2)(A), if such company meets the diversification requirements of section 831(b)(2)(B) and such corporation elects the application of section 831(b) for such tax year under section 831(b)(2)(A)(iii). See the instructions for [Schedule I, Question 14](#), later. See Regulations section 301.9100-8(a) for the rules regarding the timing and manner of making the election under section 831(b)(2)(A)(iii).

The election under section 831(b)(2)(A)(iii) applies to the tax year for which an insurance company (within the meaning of sections 831(c) and 816(a)) made the election and for all subsequent tax years for which such company meets the diversification requirements of section 831(b)(2)(B). Once made, an election under section 831(b)(2)(A)(iii) may only be revoked with the consent of the Secretary. See Rev. Proc. 2025-13, 2025-8 I.R.B. 816, for streamlined section 831(b) election revocation procedures.

Section 953 elections. Check the applicable box if the corporation is a foreign corporation and elects under:

1. Section 953(c)(3)(C) to treat its related person insurance income as effectively connected with the conduct of a trade or business in the United States, or
2. Section 953(d) to be treated as a domestic corporation.

Generally, a foreign corporation making either section 953 election must file its return by sending it to:

Internal Revenue Service Center
P.O. Box 409101
Ogden, UT 84409

See Notice 87-50, 1987-2 C.B. 357; and Rev. Proc. 2003-47, 2003-28 I.R.B. 55, for the procedural rules, election statement formats, and filing addresses for making the respective elections under section 953(c)(3)(C) or section 953(d).

Once either election is made, it will apply to the tax year for which made and all subsequent tax years unless revoked with the consent of the IRS. Also, any loss of a foreign corporation electing to be treated as a domestic insurance company under section 953(d) will be treated as a dual-consolidated loss and may not be used to reduce the taxable income of any other member of the affiliated group for this tax year or any other tax year.

If a section 953(d) election is made, include the additional tax required to be paid on page 1, line 14. On the dotted line to the left of line 14, enter "Section 953(d)" and the amount. Attach a statement showing the computation. See section 953(d) for more details.

Note: A small insurance company can make an election under section 831(b) and an election under section 953(d) if it is a foreign insurance company.

Item E. Final Return, Name Change, Address Change, or Amended Return

Indicate a final return, name change, address change, or amended return by checking the appropriate box.

Note: If a change in address or responsible party occurs after the return is filed, use Form 8822-B, Change of Address or Responsible Party — Business, to notify the IRS. See the instructions for Form 8822-B for details.

Taxable Income

Line 1, Taxable income, and line 2, Taxable investment income. If the corporation is a small company as defined in section 831(b)(2) and elects under section

831(b)(2)(A)(iii) to be taxed on taxable investment income, complete Schedule B (ignore Schedule A) and enter the amount from Schedule B, line 21, on page 1, line 2. Also, complete Schedule I, Question 14. All other corporations should complete Schedule A (ignore Schedule B) and enter on page 1, line 1, the amount from Schedule A, line 37.

Tax Computation and Payments

Line 3a. Income tax. Multiply taxable income (page 1, line 1) by 21%. (0.21). Enter this amount on line 3a.

Line 3b. Section 1291 tax from Form 8621. If the corporation was a shareholder in a passive foreign investment company (PFIC) and received an excess distribution or disposed of its investment in the PFIC during the year, enter on line 3b the total increase in taxes due under section 1291(c)(2) from Form 8621.

Do not include on line 3b any interest due under section 1291(c)(3). Instead, include the amount of interest owed on line 13z.

For more information on reporting the deferred tax and interest, see the Instructions for Form 8621.

Line 3c. Additional tax under section 197(f). A corporation that elects to recognize gain and pay tax on the sale of a section 197 intangible under the related person exception to the anti-churning rules should include any additional tax due on line 3c. See section 197(f)(9)(B) (ii).

Line 3d. Base erosion minimum tax from Form 8991. If the corporation had gross receipts of at least \$500 million in any 1 of the 3 tax years preceding the current tax year, complete and attach Form 8991. Enter on line 3d the amount from Form 8991, Part IV, line 5e. See section 59A and the Instructions for Form 8991. Also, see [Schedule I, Question 15](#), later.

Line 3z. Other chapter 1 tax. Enter on line 3z any other chapter 1 tax that can be offset or reduced by nonrefundable credits such as the foreign tax credit or general business credit.

Line 5. Enter amount of tax that a reciprocal must include. A mutual insurance company that is an interinsurer or reciprocal underwriter may elect, under section 835, to limit the deduction for amounts paid or incurred to a qualifying attorney-in-fact to the amount of the deductions of the attorney-in-fact allocable to the income received by the attorney-in-fact from the reciprocal. If this election is made, any increase in taxable income of a reciprocal as a result of this limitation is taxed at the highest rate of tax specified in section 11(b).

Make no entry on line 5 if the mutual insurance company's taxable income before including the section 835(b) amount is \$100,000 or more. Otherwise, this tax is 21% of the section 835(b) amount. If an entry is made on

line 5, attach a statement showing how the tax was computed.

Reciprocal underwriters making the section 835(a) election are allowed a credit on line 16e for the amount of tax paid by the attorney-in-fact that is related to the income received by the attorney-in-fact from the reciprocal in the tax year.

See section 835 and the related regulations for special rules and information regarding the statements required to be attached to the return.

Line 6. Corporate alternative minimum tax. Enter on line 6 the amount from Form 4626, Alternative Minimum Tax—Corporations, Part II, line 13, if applicable. See the Instructions for Form 4626.

Line 8a. Foreign tax credit. To find out when a corporation can take the credit for payment of income tax to a foreign country or U.S. territory, see Form 1118, Foreign Tax Credit—Corporations.

Line 8c. General business credit. Enter on line 8c the allowable credit from Form 3800, General Business Credit, Part II, line 38. See the Instructions for Form 3800.

Line 8d. Credit for prior year minimum tax. Enter any allowable credit from Form 8827, Credit for Prior Year Minimum Tax—Corporations, line 11. Complete and attach Form 8827.

Line 8e. Bond credits from Form 8912. Enter the allowable credits from Form 8912, Credit to Holders of Tax Credit Bonds, line 12.

Line 9. Total credits. Add lines 8a through 8e. Enter the total on line 9.

Line 11. Foreign corporations. A foreign corporation carrying on an insurance business in the United States is taxed as a domestic insurance company on its income effectively connected with the conduct of a trade or business in the United States (see sections 864(c) and 897 for a definition).

Generally, any other U.S.-source income received by the foreign corporation is taxed at 30% (or at a lower treaty rate) under section 881. If the corporation has this income, attach a statement showing the kind and amount of income, the tax rate, and the amount of tax. Enter the tax on line 11. However, see [Reduction of section 881 tax](#), later.

Note: Interest received from certain portfolio debt investments that were issued after July 18, 1984, is not subject to the tax. See section 881(c).

See section 842 for more information.

Minimum effectively connected net investment income. See section 842(b) and Notice 89-96, 1989-2 C.B. 417, for the general rules for computing this amount. Also, see Rev. Proc. 2024-20, 2024-19 I.R.B. 1054 (or any successor), available at [IRS.gov/irb/2024-19_IRB#REV-PROC-2024-20](https://www.irs.gov/irb/2024-19_IRB#REV-PROC-2024-20), for the domestic asset/liability

percentages and domestic investment yields needed to compute this amount.

Any additional income required by section 842(b) must be included in taxable income (for example, Schedule A, line 13).

Reduction of section 881 tax. Additional taxes resulting from the net investment income adjustment may offset a corporation's section 881 tax on U.S.-source income. The tax reduction is determined by multiplying the section 881 tax by the ratio of the amount of income adjustment to income subject to the section 881 tax, computed without the exclusion for interest on state and local bonds or income exempted from taxation by treaty. See section 842(c)(1). Attach a statement showing how the reduction under section 881 was figured. Enter the net tax imposed by section 881 on line 11.

Line 12. Personal holding company tax. A corporation (other than a corporation described in section 542(c)) is taxed as a personal holding company (PHC) under section 542 if:

- At least 60% of its adjusted ordinary gross income for the tax year is PHC income, and
- At any time during the last half of the tax year more than 50% in value of its outstanding stock is directly or indirectly owned by five or fewer individuals.

See Schedule PH (Form 1120), U.S. Personal Holding Company (PHC) Tax, for definitions and details on how to figure the tax.

Line 13a. Amount from Form 4255, Part I, line 3, column (r). Enter on line 13a the tax that cannot be reduced by nonrefundable credits from Form 4255, Part I, line 3, column (r), if applicable. See the Instructions for Form 4255.

Line 13b. Recapture of low-income housing credit. If the corporation disposed of property (or there was a reduction in the qualified basis of the property) for which it took the low-income housing credit, and the corporation did not follow the procedures that would have prevented recapture of the credit, it may owe a tax. See Form 8611, Recapture of Low-Income Housing Credit. Complete and attach Form 8611.

Line 13z. Other. If the corporation includes any additional taxes and interest such as the items discussed below, attach a statement showing the computation of each item included in the total for line 13z and identify the applicable Code section and the type of tax or interest.

- Recapture of Indian employment credit. Generally, if an employer terminates the employment of a qualified employee less than 1 year after the date of initial employment, any Indian employment credit allowed for a prior tax year because of wages paid or incurred to that employee must be recaptured. See Form 8845, Indian Employment Credit, and section 45A.
- Recapture of new markets credit (see Form 8874, New Markets Credit, and Form 8874-B, Notice of Recapture Event for New Markets Credit).
- Recapture of employer-provided childcare facilities and services credit (see Form 8882).
- Interest on deferred tax attributable to certain nondealer installment obligations (see section 453A(c)).

Line 15a. Total tax. Add lines 10, 11, 12, and 14. Enter the total on line 15a.

Line 15b. First installment of section 1062 applicable net tax liability. Complete and attach Form 1062, Schedule(s) A (Form 1062), and a copy of the covenant if electing to defer the net payment of income tax attributable to the gain from the sale or exchange of qualified farmland property during this tax year under section 1062. Enter the amount from Form 1062, Part III, line 15. See the Instructions for Form 1062 for more information. Also, see section 1062.

Line 16c. Current year's refund applied for on Form 4466. If the corporation overpaid estimated tax, it may be able to get a quick refund by filing Form 4466. The overpayment must be at least 10% of the corporation's expected income tax liability and at least \$500. File Form 4466 after the end of the corporation's tax year, and no later than the due date for filing the corporation's tax return. Form 4466 must be filed before the corporation files its tax return. See the instructions for Form 4466.

Line 16e. Credit by reciprocal for tax paid by attorney-in-fact under section 835(d). Enter the amount of tax paid by an attorney-in-fact as a result of income received by the attorney-in-fact from the reciprocal during the tax year. For more information, see section 835 and the related regulations, and the instructions for line 5, earlier.

Line 16f. Elective payment election amount from Form 3800. Enter on line 16f the total net elective payment election amount from Form 3800, Part III, line 6, column (j). See the Instructions for Form 3800.

Line 16g. Section 1062 applicable net tax liability from Form 1062. If the corporation is electing to defer the payment of net income tax attributable to the gain on the sale or exchange of qualified farmland property, complete and attach Form 1062 and Schedule(s) A (Form 1062). Enter the amount from Form 1062, Part III, line 14. See the Instructions for Form 1062 for more information. Also, see section 1062.

Line 16z. Other credits and payments. Enter any other credits the corporation may take and/or payments made, including the following. Attach a statement listing the type of credit or payment and the amount.

- If the corporation had federal income tax withheld (backup withholdings) from any payments it received because, for example, it failed to give the payer its correct EIN, include the amount withheld.
- Credit under section 1341 for repayments of amounts included in income from earlier years.
- Credit for federal tax paid on fuels (attach Form 4136).
- Credit for tax paid on undistributed capital gains (attach Form 2439).

Line 17. Total payments, refundable credits, and section 1062 applicable net tax liability. Combine the amounts on lines 16a through 16z and enter the total on line 17.

Line 18. Estimated tax penalty. Generally, the corporation does not have to file Form 2220 with its income tax return because the IRS will figure the amount of any penalty and notify the corporation of any amount due. However, see the Instructions for Form 2220 for circumstances where the corporation must file Form 2220 even if it owes no penalty.

If Form 2220 is attached, check the box on line 18 and enter any penalty on this line.

Caution: If the corporation's tax liability includes a CAMT liability, the corporation must complete and attach Form 2220. The affected corporation must also include an amount of estimated tax penalty on Form 1120-PC, page 1, line 18, even if that amount is zero. Failure to follow these instructions could result in the corporation receiving a penalty notice that will require an abatement request to apply any penalty relief. See [Notice 2025-27](#).

Line 19. Amount owed. Generally, the corporation must pay any tax due in full no later than the due date for filing its tax return (excluding extensions). Payment of the tax due must be made electronically. Go to [IRS.gov/Payments](#) for more detailed information. If the corporation cannot pay the full amount of tax owed, it can apply for an installment agreement online. Go to [IRS.gov/OPA](#) for the latest information.

Line 20. Overpayment. If there is an overpayment on line 20, enter the amount the corporation wants refunded on line 21b. The corporation can also choose to have all or part of the overpayment credited to next year's estimated tax by completing line 21a.

Line 21a. Credited to estimated tax. The corporation can elect to apply all or part of the corporation's overpayment to next year's estimated taxes. Enter the amount of any overpayment from line 20 that should be applied to next year's estimated tax. This election to apply some or all of the overpayment amount to the corporation's 2026 estimated tax cannot be changed at a later date.

Line 21b. Refunded. Enter the amount to be refunded to the corporation on line 21b. If the corporation has access to U.S. banking services, it should use direct deposit for any refunds, whenever possible. The benefits of a direct deposit include a faster refund, the added security of a paperless payment, and the savings of tax dollars associated with the reduced processing costs.

Direct deposit of refund. If the corporation wants its refund directly deposited into its checking or savings account at any U.S. bank or other financial institution, complete lines 21c through 21e. See the instructions for lines 21c, 21d, and 21e, later. The corporation is not eligible to request a direct deposit if:

- The receiving financial institution is a foreign bank or a foreign branch of a U.S. bank, or
- The corporation has applied for an EIN but is filing its tax return before receiving one.

Line 21c. Routing Number

The routing number must be nine digits. The first two digits must be between 01 and 12 or 21 through 32. Ask the corporation's financial institution for the correct routing number to enter on line 21c if:

- The routing number on a deposit slip is different from the routing number on the corporation's checks,
- The deposit is to a savings account that does not allow the corporation to write checks, or
- The corporation's checks state they are payable through a financial institution different from the one at which the corporation has its checking account.

Line 21d. Type of Account

Check the appropriate box for the type of account. Don't check more than one box. The corporation must check the correct box to ensure the deposit is accepted.

Line 21e. Account Number

The account number can be up to 17 characters (both numbers and letters). Include hyphens but omit spaces and special symbols. Enter the number from left to right and leave any unused boxes blank. Don't include the check number.

If the direct deposit to the corporation's account is different from the amount it expected, the corporation will receive an explanation in the mail about 2 weeks after the refund is deposited.

Conditions Resulting in a Refund by Check

If the IRS is unable to process the request for a direct deposit, a refund by check will be generated instead. Reasons for not processing a request include:

- The name of the corporation on the tax return does not match the name on the account,
- The financial institution rejects the direct deposit because of an incorrect routing or account number,
- The corporation fails to indicate the type of account the deposit is to be made to (that is, checking or saving).

Note: The IRS isn't responsible for a lost refund if the corporation enters the wrong account information. Check with the corporation's financial institution to get the correct routing and account numbers and to make sure the direct deposit will be accepted.

Schedule A—Taxable Income

Gross income. Under section 832, gross amounts of underwriting and investment income should be computed on the basis of the Statement of Income of the NAIC annual statement to the extent not inconsistent with the Internal Revenue Code and its regulations.

Income from qualifying shipping activities. Gross income does not include income from qualifying shipping activities if the corporation makes an election under section 1354 to be taxed on its notional shipping income (as defined in section 1353) at the highest corporate tax rate specified in section 11. If the election is made, the corporation may generally not claim any loss, deduction, or credit with respect to qualifying shipping activities. A

corporation making this election may also elect to defer gain on the disposition of a qualifying vessel.

Use Form 8902, Alternative Tax on Qualifying Shipping Activities, to figure the tax. Include the alternative tax on Form 1120-PC, page 1, line 13z.

Note: In computing the amounts for lines 2, 3, and 4, take all interest, dividends, or rents received during the year; add interest, dividends, or rents due and accrued at the end of the tax year; and deduct interest, dividends, or rents due and accrued at the end of the preceding tax year. For rules regarding the accrual of dividends, see Regulations section 1.301-1(b).

Line 3a, column (a). Interest (including tax-exempt interest). Enter the gross amount of interest income, including all tax-exempt interest.

Line 3b, column (a). Tax-exempt interest. Enter the tax-exempt interest under sections 103, 139H, and 139L. Section 103(a) excludes interest on state or local bonds from gross income.

This exclusion does not apply to any:

1. Private activity bond which is not a qualified bond, as defined by section 141;
2. Arbitrage bond, as defined by section 148; or
3. Bonds not meeting the requirements of section 149 (regarding the registration of tax-exempt bonds).

Section 139L provides an exclusion of interest on loans from qualified lenders. A qualified lender can exclude 25% of the interest income received on certain loans secured by rural or agricultural real property.

To be eligible, the loan must be originated after July 4, 2025, and be secured by any real property which is substantially used for agricultural production, any real property which is substantially used for fishing or seafood processing, and any aquaculture facility.

The excluded income is treated as tax-exempt income, and the lender's corresponding interest expense deduction is also limited.

Section 139H allows taxpayers to exclude any interest received from the federal government in connection with an action to recover property seized by the IRS in violation of 31 U.S.C. 5317(c)(2).

Lines 3a and 3b, column (b). Amortization of premium. Enter on line 3a, column (b), the total amortization of bond premium, including amortization on tax-exempt bonds. Enter on line 3b, column (b), the amortization of bond premium on tax-exempt bonds only.

Note: Insurance companies electing to amortize discount for tax purposes must reduce the amortization of premium by any amortization of discount.

Line 4. Gross rents. Enter gross rents, computed as indicated under *Gross income*, earlier. Deduct expenses, such as repairs, interest, taxes, and depreciation, on the proper lines for deductions.

Line 6. Capital gain net income. Every sale or exchange of a capital asset must be reported in detail on Schedule D (Form 1120), Capital Gains and Losses, even if there is no gain or loss.

Generally, losses from sales or exchanges of capital assets are only allowed to the extent of gains. However, corporations taxed under section 831 may claim losses from capital assets sold or exchanged to get funds to meet abnormal insurance losses and to pay dividends and similar distributions to policyholders. Do not include those types of losses here; instead, report them on Schedule G.

The net capital loss for these corporations is the amount by which losses for the year from sales or exchanges of capital assets exceed the gains from these sales or exchanges plus the smaller of:

1. Taxable income (computed without gains or losses from sales or exchanges of capital assets); or
2. Losses from the sale or exchange of capital assets sold or exchanged to obtain funds to meet abnormal insurance losses and to provide for the payment of dividends and similar distributions to policyholders.

Subject to the limitations in section 1212(a), a net capital loss can be carried back 3 years and forward 5 years as a short-term capital loss.

Line 8. Certain mutual fire or flood insurance company premiums. A mutual fire or flood insurance company whose principal business is the issuance of policies (1) for which the premium deposits are the same (regardless of the length of the term the policies are written for), and (2) under which the unabsorbed portion of such premium deposits not required for losses, expenses, or establishment of reserves is returned or credited to the policyholder on cancellation or expiration of the policy, must include in income an amount equal to 2% of the premiums earned on insurance contracts during the tax year with respect to such policies after deduction of premium deposits returned or credited during the same tax year.

Line 9. Income on account of special income and deduction accounts. Corporations which write the kinds of insurance below must maintain the following special accounts. A corporation which writes:

1. Mortgage guaranty insurance must maintain a mortgage guaranty account,
2. Lease guaranty insurance must maintain a lease guaranty account, and
3. Insurance on obligations the interest on which is excludable from gross income under section 103 must maintain an account with respect to insurance on state and local obligations.

Amounts required to be subtracted from these accounts under sections 832(e)(5) and 832(e)(6) must be reported as income on line 9. See section 832(e) for more information.

Line 10. Income from protection against loss account. Although section 1024 of P.L. 99-514 repealed section 824 relating to the protection against loss (PAL) account, PAL account balances are includible in income as though section 824 were still in effect. Attach a statement showing the computation.

Line 11. Mutual interinsurers or reciprocal underwriters—decrease in subscriber accounts. Enter the decrease for the tax year in savings credited to subscriber

accounts of a mutual insurance company that is an interinsurer or a reciprocal underwriter.

Line 13. Other income. Enter any other taxable income not reported on lines 1 through 11. List the type and amount of income on an attached statement. If the corporation has only one item of other income, describe it in parentheses on line 13. Examples of other income to report on line 13 include the following.

- Any income under P.L. 115-97, section 13517(c)(3)(B) (ii) (transitional relief for change in reserve).
- Any amount includible in income from Form 6478, Biofuel Producer Credit.
- Any amount includible in income from Form 8864, Biodiesel, Renewable Diesel, or Sustainable Aviation Fuels Credit.
- Refunds of taxes deducted in prior years to the extent they reduced income subject to tax imposed. See section 111 and the related regulations. Do not offset current-year taxes against tax refunds.
- Ordinary income from trade or business activities of a partnership from Schedule K-1 (Form 1065). Do not offset ordinary losses against ordinary income. Instead, include the losses on line 31. Show the partnership's name, address, and EIN on a separate statement attached to this return. If the amount entered is from more than one partnership, identify the amount from each partnership.
- The transferred loss amount identified as "Section 91 Transferred Loss Amount." This amount is required to be recognized under section 91 resulting from a transfer of substantially all the assets of a foreign branch to a specified 10%-owned foreign corporation (as defined in section 245A(b)) with respect to which the corporation was a U.S. shareholder immediately after the transfer as other income.
- Part or all of the proceeds received from certain corporate-owned life insurance contracts issued after August 17, 2006. Corporations that own one or more employer-owned life insurance contracts issued after August 17, 2006, must file Form 8925, Report of Employer-Owned Life Insurance Contracts. See Form 8925.
- One-eighth of any adjustment attributable to the application of the discount factors published in Rev. Proc. 2019-06, 2019-02 I.R.B. 284, available at [IRS.gov/irb/2019-02_IRB#RP-2019-06](https://www.irs.gov/irb/2019-02_IRB#RP-2019-06), to unpaid losses for the tax year preceding the first tax year beginning after December 31, 2017.
- The corporation's share of the following income from Form 8621, Information Return by a Shareholder of a Passive Foreign Investment Company or Qualified Electing Fund.
 1. Ordinary earnings of a QEF.
 2. Gain or loss from marking PFIC stock to market.
 3. Gain or loss from sale or other disposition of section 1296 stock.
 4. Excess distributions from a section 1291 fund allocated to the current year and pre-PFIC years, if any.

See Form 8621 and its instructions for details.

Deductions

Limitations on Deductions

Section 263A uniform capitalization rules. The uniform capitalization rules of section 263A require corporations to capitalize certain costs.

A small business taxpayer is not required to capitalize costs under section 263A. A small business taxpayer is a taxpayer that (a) is not a tax shelter (as defined in section 448(d)(3)), and (b) meets the gross receipts test of section 448(c). A small business taxpayer that wants to discontinue capitalizing costs under section 263A must change its method of accounting. See section 263A(i) and Regulations section 1.263A-1(j). Also, see the Instructions for Form 3115.

For more information on the uniform capitalization rules, see Pub. 538. Also, see Regulations sections 1.263A-1 through 1.263A-3.

Transactions between related taxpayers. Generally, an accrual basis taxpayer can only deduct business expenses and interest owed to a related party in the year the payment is included in the income of the related party. See sections 163(e)(3) and 267 for limitations on deductions for unpaid interest and expenses.

Limitations on business interest expense. Business interest expense may be limited. See section 163(j) and Form 8990, Limitation on Business Interest Expense Under Section 163(j). Also, see [Limitation on deduction](#) in the instructions for Schedule A, line 20a, and Schedule I, [Question 18](#), later.

Section 291 limitations. Corporations may be required to adjust certain deductions. See section 291 to determine the amount of the adjustment.

Golden parachute payments. A portion of the payments made by a corporation to key personnel that exceeds their usual compensation may not be deductible. This occurs when the corporation has an agreement (golden parachute) with these key employees to pay them these excess amounts if control of the corporation changes. See section 280G and Regulations section 1.280G-1. Also, see the instructions for [line 15](#).

Business start-up and organizational costs. A corporation can elect to deduct a limited amount of start-up and organizational costs it paid or incurred. Any remaining costs must generally be amortized over a 180-month period. See sections 195 and 248 and the related regulations.

Time for making an election. The corporation generally elects to deduct startup or organizational costs by claiming the deduction on its income tax return filed by the due date (including extensions) for the tax year in which the active trade or business begins. For more details including special rules for costs paid or incurred before September 9, 2008, see the Instructions for Form 4562, Depreciation and Amortization.

If the corporation timely filed its return for the year without making an election, it can still make an election by filing an amended return within 6 months of the due date of the return (excluding extensions). Clearly indicate the

election on the amended return and enter "Filed pursuant to Regulations section 301.9100-2" at the top of the amended return. File the amended return at the same address the corporation filed its original return. The election applies when figuring taxable income for the current tax year and all subsequent years.

The corporation can choose to forgo the election by affirmatively electing to capitalize its start-up or organizational costs on its income tax return filed by the due date (including extensions) for the tax year in which the active trade or business begins.

The election to either amortize or capitalize start-up costs is irrevocable and applies to all start-up costs that are related to the trade or business.

Report the deductible amount of such costs and any amortization on Schedule A, line 31. For amortization that begins during the current tax year, complete and attach Form 4562.

Reducing certain expenses for which credits are allowable. If the corporation claims certain credits, it may need to reduce allowable deductions for expenses used to figure the credit. This applies to credits such as the following.

- Employment credits. See [Employment credits](#), later.
- Credit for increasing research activities (Form 6765).
- Orphan drug credit (Form 8820).
- Disabled access credit (Form 8826).
- Employer credit for social security and Medicare taxes paid on certain employee tips (Form 8846).
- Credit for small employer pension plan start-up costs (Form 8881).
- Credit for employer-provided childcare facilities and services (Form 8882).
- Credit for small employer health insurance premiums (Form 8941).

If the corporation has any of these credits, figure the current year credit before figuring the deduction for expenses on which the credit is based. If the corporation capitalized any costs on which it figured the credit, it may need to reduce the amount capitalized by the credit attributable to these costs.

See the instructions for the form used to figure the applicable credit for more details.

Limitations on deductions related to property leased to tax-exempt entities. If a corporation leases property to a governmental or other tax-exempt entity, the corporation cannot claim deductions related to the property to the extent that they exceed the corporation's income from the lease payments. This disallowed tax-exempt use loss can be carried over to the next tax year and treated as a deduction with respect to the property for that tax year. See section 470(d) for exceptions.

Limitation on tax benefits for remuneration under the Patient Protection and Affordable Care Act. The \$1 million compensation limit is reduced to \$500,000 for remuneration for services provided by individuals for or on behalf of certain health insurance providers. The \$500,000 limitation applies to remuneration that is deductible in the tax year during which the services were performed and remuneration for services during the year

that is deductible in a future tax year (called "deferred deduction remuneration"). The \$500,000 limitation is reduced by any amounts disallowed as excess parachute payments. See section 162(m)(6) and Regulations section 1.162-31 for definitions and other special rules.

Line 15. Compensation of officers. Enter deductible officers' compensation on line 15. See [Employment credits](#), later, for employment credits that may reduce your deduction for officers' compensation. Do not include compensation deductible elsewhere on the return, such as elective contributions to a section 401(k) cash or deferred arrangement, or amounts contributed under a salary reduction SEP agreement or a SIMPLE IRA plan.

Include only the deductible part of each officer's compensation on line 15. (See [Disallowance of deduction for employee compensation in excess of \\$1 million](#), later). Attach a statement for all officers using the following columns.

1. Name of officer.
2. Social security number.
3. Percentage of time devoted to business.
4. Amount of compensation.

If a consolidated return is filed, each member of an affiliated group must furnish this information.

Disallowance of deduction for employee compensation in excess of \$1 million. Publicly held corporations cannot deduct compensation to a "covered employee" to the extent that the compensation exceeds \$1 million. Generally, a covered employee is:

- The principal executive officer of the corporation (or an individual acting in that capacity) as of the end of the tax year, or
- An employee whose total compensation must be reported to shareholders under the Securities Exchange Act of 1934 because the employee is among the three highest compensated officers for that tax year (other than the principal executive officer).

For this purpose, compensation does not include the following.

- Income from certain employee trusts, annuity plans, or pensions.
- Any benefit paid to an employee that is excluded from the employee's income.

The deduction limit does not apply to:

- Commissions based on individual performance;
- Qualified performance-based compensation; and
- Income payable under a written, binding contract in effect on February 17, 1993.

The \$1 million limit is reduced by amounts disallowed as excess parachute payments under section 280G.

See section 162(m) and Regulations section 1.162-27. Also, see Notice 2007-49, 2007-25 I.R.B. 1429.

Limitations on tax benefits for executive compensation under the Treasury Troubled Asset Relief Program (TARP). The \$1 million compensation limit is reduced to \$500,000 for executive remuneration and deferred deduction executive remuneration paid to covered executives by any entity that receives or has received financial assistance under the TARP. The limit

applies for each period in which obligations arising from financial assistance under the TARP remain outstanding. The \$500,000 is reduced by any amounts disallowed as excess parachute payments. See section 162(m)(5) for definitions and other special rules. Also, see Notice 2008-94, 2008-44 I.R.B. 1070, for additional guidance.

In addition, a portion of any parachute payments made to a covered executive by an applicable employer participating in a TARP is not deductible as compensation if the payments are made because of a severance from employment during an applicable tax year. For this purpose, a parachute payment is any payment to a senior executive officer for departure from a company for any reason, except for payments for services performed or benefits accrued. These limits do not apply to a payment already treated as a parachute payment. See section 280G(e) and Notice 2008-94.

Line 16. Salaries and wages. Enter the total salaries and wages paid for the tax year. Do not include salaries and wages deductible elsewhere on the return, such as amounts included in officers' compensation, elective contributions to a section 401(k) cash or deferred arrangement, or amounts contributed under a salary reduction SEP agreement or a SIMPLE IRA plan.

If the corporation provided taxable fringe benefits to its employees, such as the personal use of a car, do not deduct as wages the amount allocated for depreciation and other expenses that are claimed elsewhere on the return (for example, on Schedule A, line 22 or line 31).

Caution: If the corporation claims a credit for any wages paid or incurred, it may need to reduce any corresponding deduction for salaries and wages. See Employment credits below.

Employment credits. If the corporation claims a credit on any of the forms below, it may need to reduce its deduction for officers' compensation and salaries and wages. See the applicable form for details.

- Form 5884, Work Opportunity Credit.
- Form 8844, Empowerment Zone Employment Credit.
- Form 8932, Credit for Employer Differential Wage Payments.
- Form 8994, Employer Credit for Paid Family and Medical Leave.

Line 18. Rents. If the corporation rented or leased a vehicle, enter the total annual rent or lease expense paid or incurred during the year. Also, complete Form 4562, Part V. If the corporation leased a vehicle for a term of 30 days or more, the deduction for the vehicle lease expense may have to be reduced by an amount includible in income called the inclusion amount. The corporation may have an inclusion amount if:

The lease term began:	And the vehicle's FMV on the first day of the lease exceeded:
Cars (excluding trucks and vans)	
After 12/31/23 but before 1/1/2026	\$62,000
After 12/31/22 but before 1/1/2024	\$60,000
After 12/31/21 but before 1/1/23	\$56,000
After 12/31/20 but before 1/1/22	\$51,000
After 12/31/17 but before 1/1/21	\$50,000
After 12/31/12 but before 1/1/18	\$19,000
Trucks and Vans	
After 12/31/23 but before 1/1/2026	\$62,000
After 12/31/22 but before 1/1/24	\$60,000
After 12/31/21 but before 1/1/23	\$56,000
After 12/31/20 but before 1/1/22	\$51,000
After 12/31/17 but before 1/1/21	\$50,000
After 12/31/13 but before 1/1/18	\$19,500
After 12/31/09 but before 1/1/14	\$19,000

See Pub. 463, Travel, Gift, and Car Expenses, for instructions on figuring the inclusion amount.

Note: The inclusion amount for lease terms beginning in 2026 will be published in the Internal Revenue Bulletin in early 2026.

Line 19. Taxes and licenses. Enter taxes paid or accrued during the tax year, but do not include the following.

- Federal income taxes.
- Foreign or U.S. territories income taxes if a tax credit is claimed.
- Taxes not imposed on the corporation.
- Taxes, including state or local sales taxes, that are paid or incurred in connection with an acquisition or disposition of property (these taxes must be treated as a part of the cost of the acquired property or, in the case of a disposition, as a reduction in the amount realized on the disposition).
- Taxes assessed against local benefits that increase the value of the property assessed (such as for paving, etc.).
- Taxes deducted elsewhere on the return.

See section 164(d) for information on the apportionment of taxes on real property between a seller and a purchaser.

Note: Section 9010 of the Patient Protection and Affordable Care Act imposes a fee on each covered entity engaged in the business of providing health insurance for U.S. health risks. The fee is treated as a tax described in section 275 relating to taxes for which no deduction is allowed. For more information, see the final regulations and Rev. Rul. 2013-27.

Line 20a. Interest.

Note: Do not offset interest income against interest expense.

The corporation must allocate the interest expense if the proceeds of a loan were used for more than one purpose (for example, to purchase a portfolio investment and to acquire an interest in a passive activity). See Temporary Regulations section 1.163-8T for the interest allocation rules.

Do not deduct the following interest.

- Interest on indebtedness incurred or continued to purchase or carry obligations if the interest is wholly exempt from income tax. See section 265(b) for special rules and exceptions for financial institutions. Also, see section 265(b)(7) for a temporary de minimis exception for financial institutions for certain tax-exempt bonds issued in 2009 and 2010.

- Interest and carrying charges on straddles. Generally, these amounts must be capitalized. See section 263(g).
- Interest on debt allocable to the production of designated property by a corporation for its own use or for sale. The corporation must capitalize this interest. Also, capitalize any interest on debt allocable to an asset used to produce the property. See section 263A(f) and Regulations sections 1.263A-8 through 1.263A-15 for definitions and more information.
- Interest on unpaid taxes attributable to nondisclosed reportable transactions. See section 163(m).

Limitation on deduction. Under section 163(j), business interest expense is generally limited to the sum of business interest income, 30% of the adjusted taxable income, and floor plan financing interest. The amount of any business interest expense that is not allowed as a deduction for the tax year is carried forward to the following year. If section 163(j) applies, use Form 8990 to figure the amount of business interest expense the corporation can deduct for the current tax year and the amount that can be carried forward to the next year. See the Instructions for Form 8990. Also, see *Schedule I, Question 18*, later.

Special rules apply to the following.

- Forgone interest on certain below-market-rate loans (see section 7872).
- Original issue discount (OID) on certain high-yield discount obligations. See section 163(e)(5) to determine the disqualified amount of the deduction for OID that is deferred and the amount that is disallowed on a high-yield discount obligation. The rules under section 163(e)(5) do not apply to certain high-yield discount obligations issued before January 1, 2011. See section 163(e)(5)(F), and Notice 2010-11, 2010-4 I.R.B. 326.
- Interest paid on a disqualified debt instrument for indebtedness of the corporation which is payable in equity of the issuer or a related party or equity held by the issuer or any other person. See section 163(l)(3).
- Interest which is allocable to unborrowed policy cash values of life insurance, endowment, or annuity contracts issued after June 8, 1997. See section 264(f). Attach a statement showing the computation of the deduction.

Line 20b. Less tax-exempt interest expense. Enter interest paid or accrued during the tax year on indebtedness incurred or continued to purchase or carry obligations if the interest is wholly exempt from income tax. See section 265. Also, see section 139L(d), which coordinates with section 265 regarding interest on qualified real estate loans.

Line 21. Charitable contributions. Include charitable contributions, as provided in section 170. See section 170 and its regulations for limitations, carryover, exclusions, requirements, substantiation, and other rules.

For more information on charitable contributions, including substantiation and recordkeeping requirements,

see section 170 and the related regulations and Pub. 526. For other special rules that apply to corporations, see Pub. 542.

Line 22. Depreciation. Include on line 22 depreciation and the cost of certain property that the corporation elected to expense under section 179. See Form 4562 and the Instructions for Form 4562.

Line 23. Depletion. If the corporation has an economic interest in mineral property or standing timber, it can take a deduction for depletion. In the case of leased property, the depletion deduction is divided between the lessor and the lessee.

See sections 613 and 613A for percentage depletion rates applicable to natural deposits. Also, see section 291 for the limitation on the depletion deduction for iron ore and coal (including lignite).

Attach Form T (Timber), Forest Activities Schedule, if a deduction for depletion of timber is taken.

There are special rules for intangible drilling and development costs incurred outside the United States. See section 263(i).

Line 24. Pension, profit-sharing, etc., plans. Enter the deduction for contributions to qualified pension, profit-sharing, or other funded deferred compensation plans.

Note: Employers who maintain a plan are generally required to file Form 5500, Form 5500-SF, or Form 5500-EZ. Go to EFAST.dol.gov and IRS.gov/Form5500EZ for more information.

Line 25. Employee benefit programs. Enter contributions to employee benefit programs not claimed elsewhere on the return (for example, insurance, health and welfare programs, etc.) that are not an incidental part of a pension, profit-sharing, etc., plan included on line 24.

Line 29. Dividends to policyholders. Enter the total dividends and similar distributions paid or declared to policyholders, as policyholders, except in the case of a mutual fire insurance company exclusively issuing perpetual policies. Whether dividends have been paid or declared should be determined according to the method of accounting employed by the insurance company.

Dividends and similar distributions. Include amounts returned or credited to policyholders on cancellation or expiration of policies issued by a mutual fire or flood insurance company:

1. Where the premium deposits for the policy are the same (regardless of the length of the policy); and
2. The unabsorbed portion of the premium deposits not required for losses, expenses, or establishment of reserves is returned or credited to the policyholder on cancellation or expiration of the policy.

In the case of a qualified group self-insurers fund, the fund's deduction for policyholder dividends is allowed no earlier than the date the state regulatory authority determines the amount of the policyholder dividend that may be paid. See section 6076 of the Technical and Miscellaneous Revenue Act of 1988.

DRAFT

Line 30. Mutual interinsurers or reciprocal underwriters—increase in subscriber accounts. A mutual insurance company that is an interinsurer or reciprocal underwriter may deduct the increase in savings credited to subscriber accounts for the tax year.

Savings credited to subscriber accounts means the surplus credited to the individual accounts of subscribers before the 16th day of the 3rd month following the close of the tax year. This is true only if the corporation would be required to pay this amount promptly to a subscriber if the subscriber ended the contract when the corporation's tax year ends.

Line 31. Other deductions. Attach a statement listing by type and amount all allowable deductions under sections 832(c)(1) and (10) (net of the annual statement change in undiscounted unpaid loss adjustment expenses) that are not deductible on lines 15 through 30.

Examples of other deductions may include the following.

- Any deduction under P.L. 115-97, section 13517(c)(3) (B)(i) (transitional relief for change in reserve).
- Any energy efficient commercial buildings deduction for property placed in service during the tax year. Construction of the property must begin before July 1, 2026. See Form 7205 and the Instructions for Form 7205. Complete and attach Form 7205.
- Certain business startup and organizational costs (discussed earlier under *Limitations on Deductions*).
- Legal and professional fees.
- Supplies used and consumed in the business.
- Travel, meals, and entertainment expenses. Special rules apply (discussed later).
- Utilities.
- Ordinary losses from trade or business activities of a partnership from Schedule K-1 (Form 1065). Do not offset ordinary income against ordinary losses. Instead, include the income on line 13. Show the partnership's name, address, and EIN on a separate statement attached to this return. If the amount entered is from more than one partnership, identify the amount from each partnership.
- Any extraterritorial income exclusion from Form 8873, Extraterritorial Income Exclusion.
- Dividends paid in cash on stock held by an employee stock ownership plan (ESOP). However, a deduction may only be taken for the dividends above if, according to the plan, the dividends are:
 1. Paid in cash directly to the plan participants or beneficiaries;
 2. Paid to the plan, which distributes them in cash to the plan participants or their beneficiaries no later than 90 days after the end of the plan year in which the dividends are paid;
 3. At the election of the participants or their beneficiaries (a) payable as provided under (1) or (2) above, or (b) paid to the plan and reinvested in qualifying employer securities; or
 4. Used to make payments on a loan described in section 404(a)(9).

See section 404(k) for more details and the limitation on certain dividends.

Do not deduct expenses such as the following.

- Amounts paid to, or at the direction of, a government or specified nongovernmental entity for the violation, or investigation or inquiry, of a law. However, see the [exceptions](#) discussed later.
- Lobbying expenses. However, see the [exceptions](#) discussed later.
- Amounts paid or incurred for any settlement, payout, or attorney fees related to sexual harassment or sexual abuse, if such payments are subject to a nondisclosure agreement. See section 162(q).

Travel, meals, and entertainment. Subject to limitations and restrictions discussed below, a corporation can deduct ordinary and necessary travel, meals, and non-entertainment expenses paid or incurred in its trade or business. Generally, entertainment expenses, membership dues, and facilities used in connection with these activities cannot be deducted. In addition, no deduction is generally allowed for qualified transportation fringe benefits. Also, special rules apply to deductions for gifts, luxury water travel, and convention expenses. See section 274 and Pub. 463 for details.

Travel. The corporation cannot deduct travel expenses of any individual accompanying a corporate officer or employee, including a spouse or dependent of the officer or employee, unless:

- That individual is an employee of the corporation, and
- That individual's travel is for a bona fide business purpose and would otherwise be deductible by that individual.

Meals. Generally, the corporation can deduct only 50% of the amount otherwise allowable for non-entertainment-related meal expenses paid or incurred in its trade or business. Meals not separately stated from entertainment are generally not deductible.

In addition (subject to exceptions under section 274(k)(2)):

- Meals must not be lavish or extravagant, and
- An employee of the corporation must be present at the meal.

Membership dues. The corporation can deduct amounts paid or incurred for membership dues in civic or public service organizations, professional organizations (such as bar and medical associations), business leagues, trade associations, chambers of commerce, boards of trade, and real estate boards. However, no deduction is allowed if a principal purpose of the organization is to entertain or provide entertainment facilities for members or their guests. This includes country clubs, golf and athletic clubs, airline and hotel clubs, and clubs operated to provide meals under conditions favorable to business discussion.

Qualified transportation fringes (QTFs). Generally, no deduction is allowed under section 274(a)(4) for QTFs provided by employers to their employees. QTFs are defined in section 132(f)(1) and include:

See section 274; and Pub. 15-B, Employer's Tax Guide to Fringe Benefits, for details.

Entertainment facilities. Generally, the corporation cannot deduct an expense paid or incurred for a facility (such as a yacht or hunting lodge) used for an activity usually considered entertainment, amusement, or recreation.

Amounts treated as compensation. Generally, the corporation may be able to deduct otherwise nondeductible entertainment, amusement, or recreation expenses if the amounts are treated as compensation to the recipient and reported on Form W-2 for an employee or on Form 1099-NEC for an independent contractor.

However, if the recipient is an officer, director, beneficial owner (directly or indirectly), or other "specified individual" (as defined in section 274(e)(2)(B) and Regulations section 1.274-9(b)), special rules apply.

Fines and penalties. Generally, no deduction is allowed for fines or similar penalties paid or incurred to, or at the direction of, a government or governmental entity for violating any law, or for the investigation or inquiry into the potential violation of a law, except:

- Amounts that constitute restitution,
- Amounts paid to come into compliance with the law,
- Amounts paid or incurred as the result of certain court orders or agreements in which no government or governmental entity is a party, and

No deduction is allowed unless the amounts are specifically identified in the order or agreement and the corporation establishes that the amounts were paid for that purpose. Also, any amount paid or incurred as reimbursement to the government for the costs of any investigation or litigation are not eligible for the exceptions and are nondeductible. See section 162(f).

Lobbying expenses. Generally, lobbying expenses are not deductible. These expenses include:

- Amounts paid or incurred in connection with influencing federal, state, or local legislation or
- Amounts paid or incurred in connection with any communication with certain federal executive branch officials in an attempt to influence the official actions or positions of the officials. See Regulations section 1.162-29 for the definition of "influencing legislation."

Dues and other similar amounts paid to certain tax-exempt organizations may not be deductible. If certain in-house lobbying expenditures do not exceed \$2,000, they are deductible.

Line 32. Total deductions. Section 848 (capitalization of certain policy acquisition expenses) requires insurance companies to capitalize specified policy acquisition expenses and deduct them ratably over time. Attach a statement showing all computations. See section 848 and its regulations.

Line 34b. Deduction on account of the special income and deduction accounts. Enter the total of the amounts required to be added under sections 832(e)(4) and (6). However, no deduction is permitted unless tax and loss bonds are purchased in an amount equal to the tax benefit of the deduction. See section 832(e).

The deduction on account of the special income and deduction accounts is limited to taxable income for the tax

year (computed without regard to this deduction or to any carryback of a net operating loss (NOL)).

Line 36b. Net operating loss deduction. Section 172 provides for an NOL deduction, limitation, carryovers, and carrybacks. Attach a statement showing the computation of the NOL deduction.

The following special rules apply.

- Section 382 provides a limitation on NOL carryforwards and certain built-in losses following ownership change.
- If a corporation acquires control of another corporation (or acquires its assets in a reorganization), the amount of pre-acquisition losses that may offset recognized built-in gain may be limited (see section 384).
- If a corporation elects the alternative tax on qualifying shipping activities under section 1354, no deduction is allowed for an NOL attributable to the qualifying shipping activities to the extent that the loss is carried forward from a tax year preceding the first tax year for which the alternative tax election was made. See section 1358(b)(2).
- Section 831(b)(3) provides for a limitation on use of NOLs.

For more details on the NOL deduction, see section 172 and the Instructions for Form 1139, Corporation Application for Tentative Refund.

Line 37. Taxable income. If line 37 (figured without regard to the items listed under *Minimum taxable income* below) is zero or less, the corporation may have an NOL that can be carried back or forward as a deduction to other tax years.

Minimum taxable income. The corporation's taxable income cannot be less than the largest of the following amounts.

- The inversion gain of the corporation for the tax year, if the corporation is an expatriated entity or a partner in an expatriated entity. See section 7874(a).

See section 860E(a).

Net operating loss. Only certain losses can be carried back. The carryback period for these losses is 2 years. For NOLs that can be carried back, the corporation can elect to waive the carryback period and instead carry the NOL forward to future tax years.

See the Instructions for Form 1139. See the instructions for [Schedule I, Item 10](#) for information on making the election to waive the entire carryback period.

The NOL deduction for tax year 2025 generally cannot exceed the aggregate amount of NOLs arising in tax years beginning before 2018, carried to such year plus the lesser of:

1. The aggregate amount of NOLs arising in tax years beginning after December 31, 2017, carried to such tax year; or
2. 80% of the excess, if any, of taxable income determined without any NOL deduction, section 199A deduction, or section 250 deduction, over any NOL

carryover to the tax year from tax years beginning before 2018.

An exception applies for NOLs of insurance companies other than life insurance companies. The 80% taxable income limit does not apply to these entities. See sections 172(b) and (f).

See the Instructions for Form 1139 for other special rules and elections.

Schedule E—Premiums Earned**Definitions**

Undiscounted unearned premiums. Undiscounted unearned premiums means the unearned premiums shown in the annual statement filed for the year ending with or within the tax year.

Applicable interest rate. Applicable interest rate means the annual rate determined under section 846(c)(2) for the calendar year the premiums are received.

Applicable statutory premium recognition pattern. Applicable statutory premium recognition pattern means the statutory premium recognition pattern in effect for the calendar year the premiums are received, and is based on the statutory premium recognition pattern which applies to premiums received by the corporation in that calendar year. For purposes of the preceding sentence, premiums received during any calendar year will be treated as received in the middle of such year.

Medical loss ratio (MLR). Section 833(c)(5) limits the 100% deduction of unearned premiums by Blue Cross and Blue Shield organizations described in section 833(c)(2), and other organizations described in section 833(c)(3), to those with an MLR of 85% or more. Organizations with an MLR less than 85% are allowed to deduct only 80% of unearned premiums. See section 833(c)(5) and Regulations section 1.833-1.

Line 1. Enter gross premiums written on insurance contracts during the tax year, less return premiums and premiums paid for reinsurance. See Regulations section 1.832-4.

Lines 2a and 4a. Include on lines 2a and 4a the following.

2. Generally, all section 833 organizations with an MLR of 85% or more (discussed earlier) are permitted to enter 100% of unearned premiums on lines 2a and 4a. Section 833 organizations with an MLR of less than 85% must change to an 80% Unearned Premium Reserve. For more information, see [Change in accounting method](#), earlier.

Lines 2b and 4b. Include on lines 2b and 4b 90% of unearned premiums for insurance against default in the payment of principal or interest on securities described in section 165(g)(2)(C) (relating to worthless securities) with maturities of more than 5 years. See section 832(b)(7)(B).

Lines 2c and 4c. The amount of discounted unearned premiums at the end of any tax year must be the present value of those premiums (as of such time and separately with respect to premiums received in each calendar year) determined by using:

1. The amount of the undiscounted unearned premiums at such time,
2. The applicable interest rate, and
3. The applicable statutory premium recognition pattern.

Lines 2d and 4d. Include on lines 2d and 4d 80% of the total of all unearned premiums not reported on lines 2a through 2c, or 4a through 4c, respectively.

A reciprocal or interinsurer required under state law to reflect unearned premiums on its annual statement net of premium acquisition expenses should increase its unearned premiums by the amount of such acquisition expenses prior to making the computation on lines 2d and 4d. See section 832(b)(7)(E).

Line 6. Transitional adjustments apply to companies which become taxable under section 831(a). See section 832(b)(7)(D).

Schedule F—Losses Incurred

Line 1. Losses paid. Enter the total losses paid on insurance contracts during the tax year less salvage and reinsurance recovered during the tax year. Attach a statement that reconciles the amount entered on line 1 to the amount reported on the corporation's annual statement.

Lines 2a and 4a. Unpaid losses on life insurance contracts. Unpaid losses must be adjusted for recoveries of reinsurance. The amounts of expected recoveries should be estimated based on the facts in each case and the corporation's experience with similar cases. See Regulations section 1.832-4(b).

Lines 2b and 4b. Discounted unpaid losses outstanding. Enter all discounted unpaid losses, as defined in section 846.

Section 846 provides that the amount of discounted unpaid losses must be figured separately by each line of business (multiple peril lines must be treated as a single line of business) and by each accident year and must be equal to the present value of those losses determined by using the:

1. Amount of the undiscounted unpaid losses,
2. Applicable interest rate, and
3. Applicable loss payment pattern.

Section 846(e)(6) provides that any determination under section 846(a) (discounted losses determined) with respect to unpaid losses relating to accident and health insurance lines of businesses (other than credit disability insurance) must be made (a) in the case of unpaid losses relating to disability income, by using the general rules prescribed under section 807(d) applicable to noncancelable accident and health insurance contracts and using a mortality or morbidity table reflecting the taxpayer's experience, except that the limitation of section 846(a)(3) (Limitation on amount of discounted losses) will apply; and (b) in all other cases, by using an assumption (in lieu of a loss payment pattern) that unpaid losses are paid in the middle of the year following the accident year.

A separate series of discount factors are computed for, and applied to, undiscounted unpaid losses attributable to each accident year of each line of business shown on the annual statement (as defined by section 846(e)(3)) filed for the calendar year ending with or within the tax year. See section 1.832-4(b) relating to the determination of unpaid losses.

Section 832(b)(5)(A) provides rules for figuring losses incurred. Section 832(b)(5)(B) provides rules for reducing the deduction figured in section 832(b)(5)(A).

[IRS.gov/irb/2025-11_IRB#REV-PROC-2025-15](https://www.irs.gov/irb/2025-11_IRB#REV-PROC-2025-15) prescribes discount factors for the 2024 accident year for use by insurance companies in computing discounted unpaid losses under section 846 and discounted estimated salvage recoverable under section 832. Rev. Proc. 2025-15 also provides, for convenience, discount factors for losses incurred in earlier accident years for use in tax years beginning in 2024. The discount factors set forth in Rev. Proc. 2025-15 are determined under section 846 and Regulations section 1.846-1.

Note: P.L. 115-97, section 13523, modified discounting rules for property and casualty insurance companies, modified the rate of interest used to discount unpaid losses, modified computational rules for loss payment patterns, and repealed the historical payment pattern election. These amendments apply to tax years beginning after 2017. An 8-year transition rule also applies. See section 846 of the Internal Revenue Code, as modified by P.L. 115-97, section 13523.

Note: There is a special application of the “fresh start” provision for an insurance company that is not subject to tax under section 831(a) for its first tax year beginning after December 31, 1986, because (1) it is described in section 501(c), or (2) it is subject to tax under section 831(b) on its investment income.

If the insurance company later becomes subject to tax under section 831(a), the rules relating to the fresh start under the discounting provisions are applied by treating the last tax year before the year in which the insurance company becomes subject to tax under section 831(a) as the insurance company’s last tax year beginning before 1987. See section 1010(e) of the Technical and Miscellaneous Revenue Act of 1988 and Notice 88-100, 1988-2 C.B. 439.

Lines 6 and 7. Estimated salvage and reinsurance recoverable. Enter on lines 6 and 7 the amount of estimated salvage and reinsurance recoverable. See [IRS.gov/irb/2025-11_IRB#REV-PROC-2025-15](https://www.irs.gov/irb/2025-11_IRB#REV-PROC-2025-15), or any successor, for the latest information and guidance.

Line 9. Tax-exempt interest subject to section 832(b)(5)(B). Enter the amount of tax-exempt interest received or accrued during the tax year on investments made after August 7, 1986. For information regarding the determination of the acquisition date of an investment, see the instructions for [Schedule C](#).

Line 13. Reduction of deduction under section 832(b)(5)(B). Multiply line 12 by the applicable percentage, which is 25% (5.25% divided by the highest corporate tax rate).

Schedule G—Other Capital Losses

Capital assets are considered sold or exchanged to provide funds to meet abnormal insurance losses and to pay dividends and make similar distributions to policyholders to the extent that the gross receipts from their sale or exchange are not more than the amount by

which the sum of dividends and similar distributions paid to policyholders, losses paid, and expenses paid for the tax year is more than the total on Schedule G, line 9.

Total gross receipts from sales of capital assets (line 12, column (c)) must not be more than line 10. If necessary, the corporation may report part of the gross receipts from a particular sale of a capital asset on this schedule and the rest on Schedule D (Form 1120). Otherwise, do not include on Schedule D (Form 1120) any sales reported on this schedule.

Schedule H—Special Deduction and Ending Adjusted Surplus for Section 833 Organizations

Section 833(c)(5) provides that section 833(a)(2) and section 833(a)(3) do not apply to any organization with an MLR of less than 85%. See section 833(c)(5). Also, see [Medical loss ratio](#), earlier.

Line 5. Beginning adjusted surplus. If the corporation was a section 833 organization in 2024, it should enter the amount from its 2024 Form 1120-PC, Schedule H, line 10.

Generally, the adjusted surplus as of the beginning of any tax year is an amount equal to the adjusted surplus as of the beginning of the preceding tax year:

1. Increased by the amount of any adjusted taxable income for the preceding tax year, or
2. Decreased by the amount of any adjusted NOL for the preceding tax year.

If 2025 is the first tax year the taxpayer qualifies as a section 833 organization, see section 833(c)(3)(C) to determine the adjusted surplus as of the beginning of the 2025 tax year.

For purposes of the computation of the adjusted surplus, the terms “adjusted taxable income” and “adjusted net operating loss” mean the taxable income or the NOL, respectively, determined with the following modifications.

1. Without regard to the deduction determined under section 833(b)(1).
2. Without regard to any carryover or carryback to that tax year.
3. By increasing gross income by an amount equal to the net exempt income for the tax year.

Line 6. Special deduction. The special deduction under section 833(b) cannot be taken if the MLR is less than 85%. If the MLR is less than 85%, enter zero on line 6 and Schedule A, line 34a.

Note: The deduction for any tax year is limited to taxable income for that tax year determined without regard to this deduction.

Note: Any determination under section 833(b) must be made by only taking into account items from the health-related business of the corporation.

Line 8a. Adjusted tax-exempt income. Reduce the total tax-exempt interest received or accrued during the tax year by any amount (not otherwise deductible) which

would have been allowable as a deduction for the tax year if such interest were not tax exempt. Enter the result on line 8a.

Line 8b. Adjusted dividends-received deduction.

Reduce the total amount allowed as a deduction under sections 243, 244 (as affected by P.L. 113-295, Div. A, section 221(a)(41)(A), December 19, 2014, 128 Stat. 4043), and 245 by the amount of any decrease in deductions allowable for the tax year because of section 832(b)(5)(B) when the decrease is caused by the deductions under sections 243, 244 (as affected by P.L. 113-295, Div. A, section 221(a)(41)(A), December 19, 2014, 128 Stat. 4043), and 245. Enter the result on line 8b.

Schedule I—Other Information

Complete all items that apply to the corporation.

Question 4

Check the “Yes” box if:

- The corporation is a subsidiary in an affiliated group (defined later), but is not filing a consolidated return for the tax year with that group; or
- The corporation is a subsidiary in a parent-subsidiary controlled group. For a definition of parent-subsidiary controlled group, see the Instructions for Schedule O (Form 1120).

Any corporation that meets either of the requirements above should check the “Yes” box. This applies even if the corporation is a subsidiary member of one group and the parent corporation of another.

Note: If the corporation is an “excluded member” of a controlled group (see the definition in the Instructions for Schedule O (Form 1120)), it is still considered a member of a controlled group for this purpose.

Affiliated group. An affiliated group is one or more chains of includible corporations (as defined in section 1504(b)) connected through stock ownership with a common parent corporation. See section 1504(a). The common parent must be an includible corporation and the following requirements must be met.

1. The common parent must own directly stock that represents at least 80% of the total voting power and at least 80% of the total value of the stock of at least one of the other includible corporations.
2. Stock that represents at least 80% of the total voting power and at least 80% of the total value of the stock of each of the other corporations (except for the common parent) must be owned directly by one or more of the other includible corporations.

For this purpose, the term “stock” generally does not include any stock that (a) is nonvoting, (b) is nonconvertible, (c) is limited and preferred as to dividends and does not participate significantly in corporate growth, and (d) has redemption and liquidation rights that do not exceed the issue price of the stock (except for a reasonable redemption or liquidation premium).

Question 6

Check the “Yes” box if one foreign person owned at least 25% of the total voting power of all classes of stock of the corporation entitled to vote, or at least 25% of the total value of all classes of stock of the corporation.

The constructive ownership rules of section 318 apply in determining if a corporation is foreign owned. See section 6038A(c)(5) and the related regulations.

Enter on line 6a the percentage owned by the foreign person specified in Question 6. On line 6b, enter the name of the owner’s country.

Note: If there is more than one 25%-or-more foreign owner, complete lines 6a and 6b for the foreign person with the highest percentage of ownership.

Foreign person. The term “foreign person” means:

- An individual who is not a citizen or resident of the United States;
- An individual who is a citizen or resident of a U.S. territory who is not otherwise a citizen or resident of the United States;
- Any partnership, association, company, or corporation that is not created or organized in the United States;
- Any foreign estate or trust within the meaning of section 7701(a)(31); or
- A foreign government (or one of its agencies or instrumentalities) to the extent that it is engaged in the conduct of a commercial activity, as described in section 892.

However, the term “foreign person” does not include any foreign person who consents to the filing of a joint income tax return.

Owner’s country. For individuals, the term “owner’s country” means the country of residence. For all others, it is the country where incorporated, organized, created, or administered.

Requirement to file Form 5472. If the corporation checked “Yes,” it may have to file Form 5472. Generally, a 25% foreign-owned corporation that had a reportable transaction with a foreign or domestic related party during the tax year must file Form 5472. See the Instructions for Form 5472 for filing instructions and penalties for failure to file.

Item 9

Show any tax-exempt interest received or accrued. Include any exempt-interest dividends received as a shareholder in a mutual fund or other RIC. Also, if required, include the same amount on Schedule M-1, line 7 (or Schedule M-3 (Form 1120-PC), Part II, line 13, if applicable).

Item 10

Generally, if the corporation has an NOL for tax year 2025, it can generally elect to waive the entire carryback period for the NOL and instead carry the NOL forward to future tax years. To do so, check the box on line 10 and file the tax return by its due date, including extensions. Do not attach the statement described in Temporary Regulations section 301.9100-12T. Generally, once made, the election is irrevocable.

If the corporation timely filed its return for the loss year without making the election, it can make the election on an amended return filed within 6 months of the due date of the loss year return (excluding extensions). Attach the election to the amended return and enter "Filed pursuant to section 301.9100-2" on the election statement. See the Instructions for Form 1139.

Corporations filing a consolidated return that elect to waive the entire carryback period for the group must also attach the statement required by Regulations section 1.1502-21(b)(3) or the election will not be valid.

Item 11

Enter the amount of the NOL carryover to this tax year from prior years, even if some of the loss is used to offset income on this return. The amount to enter is the total of all NOLs generated in prior years but not used to offset income (either as a carryback or carryover) in a tax year prior to 2025. Do not reduce the amount by any NOL deduction reported on Schedule A, line 36b.

Question 12

Schedule UTP (Form 1120) asks for information about tax positions that affect the U.S. federal income tax liabilities of certain corporations that issue or are included in audited financial statements and have assets that equal or exceed \$10 million. For details, see the Instructions for Schedule UTP.

Attach Schedule UTP to the corporation's income tax return. Do not file it separately. A taxpayer that files a protective Form 1120-PC must also file Schedule UTP if it satisfies the requirements set forth above.

Question 13

Section 833(c)(5) provides that section 833(a)(2) and section 833(a)(3) do not apply to a Blue Cross or Blue Shield organization described in section 833(c)(2), or other organization described in section 833(c)(3), unless it has an MLR of 85% or more for the tax year.

For purposes of section 833(c)(5), the MLR is equal to the amount expended on reimbursement for clinical services provided to enrollees (as defined in 45 C.F.R. 158.140) and for activities that improve health care quality (as defined in 45 C.F.R. 158.150) under its policies during the tax year (section 833(c)(5) MLR numerator) divided by the total premium revenue (section 833(c)(5) MLR denominator). See section 833(c)(5) and Regulations section 1.833-1. Also, see [Medical loss ratio](#), earlier.

Check the "Yes" box if the corporation is a Blue Cross or Blue Shield organization described in section 833(c)(2), or other organization described in section 833(c)(3), that has satisfied the MLR requirements of section 833(c)(5).

If you checked "Yes," you must enter:

- The section 833(c)(5) MLR numerator on line 13a,
- The section 833(c)(5) MLR denominator on line 13b, and
- The section 833(c)(5) percentage on line 13c.

If you checked "No," enter zero on Schedule H, line 6, and Schedule A, line 34a. You cannot take the special deduction. See the instructions for [Schedule H](#).

Also, if you checked "No," your deduction of unearned premiums is limited. See the instructions for [Schedule E](#) for more information.

Question 14

Only an insurance company that qualifies as a small company under section 831(b)(2) is eligible to elect to be taxed on taxable investment income under section 831(b) in lieu of the tax otherwise applicable under section 831(a). See section 831(b)(2)(A)(iii). Section 831(b)(2)(A)(ii) provides that an insurance company must meet the diversification requirements in section 831(b)(2)(B) to qualify as a small company. An insurance company meets the diversification requirements if under section 831(b)(2)(B)(i)(I) no more than 20% of the net written premiums (or, if greater, direct written premiums) of such corporation for the tax year is attributable to any one policyholder. However, an insurance company that does not meet this 20% test can meet the diversification requirement under section 831(b)(2)(B) if no person who holds (directly or indirectly) an interest in such insurance company is a specified holder who holds (directly or indirectly) aggregate interest in such insurance company which constitutes a percentage of the entire interests in such insurance company which is more than 2% higher than the percentage of interests in the specified assets with respect to such insurance company held (directly or indirectly) by such specified holder under section 831(b)(2)(B)(i)(II).

An insurance company making an election under section 831(b)(2)(A)(iii) must complete Question 14 to indicate whether it qualifies as a small company and, therefore, is eligible to make the election to be taxed on taxable investment income because it meets the diversification requirements of the 20% test in section 831(b)(2)(B)(i)(I). If the insurance company answers "No" for Question 14a, then the insurance company must satisfy the specified holder/specified asset test in section 831(b)(2)(B)(i)(II) to qualify to make the section 831(b)(2)(A)(iii) election to be taxed on taxable investment income. If the insurance company satisfies the specified holder/specified asset test in section 831(b)(2)(B)(i)(II), the insurance company should answer "Yes" for Question 14b. If the insurance company does not satisfy either the diversification requirements of section 831(b)(2)(B)(i)(I) or section 831(b)(2)(B)(i)(II) for the tax year (answering "No" for both questions), the insurance company is not a small company and, therefore, is not eligible to be taxed on taxable investment income under section 831(b) in lieu of the tax otherwise applicable under section 831(a).

Question 15

If the corporation had gross receipts of at least \$500 million in any 1 of the 3 preceding tax years, complete Form 8991 and attach it to this return. For this purpose, the corporation's gross receipts include the gross receipts of all persons aggregated with the corporation, as specified in section 59A(e)(3). See the Instructions for Form 8991 to determine if the corporation is subject to the base erosion minimum tax.

Question 16

If the corporation paid or accrued any interest or royalty for which a deduction is not allowed under section 267A, check “Yes” and enter the total amount of interest and royalty paid or accrued by the corporation (including the corporation’s allocable share through a partnership) for which a deduction is not allowed.

Payments to which section 267A applies. Interest or royalty paid or accrued by a domestic corporation (including, in the case of a domestic corporation that is a partner in a partnership, the domestic corporation’s allocable share of interest or royalty paid or accrued by the partnership) is subject to section 267A. Section 267A generally applies to interest or royalty paid or accrued according to a hybrid arrangement (such as, for example, a payment according to a hybrid instrument, or a payment to a reverse hybrid), provided that the payment or accrual is to a related party (or according to a structured arrangement). In addition, under an imported mismatch rule, section 267A generally applies to interest or royalties paid or accrued according to a non-hybrid arrangement where the income attributable to that payment or accrual is directly or indirectly offset by certain deductions involving hybridity incurred by a related party or according to a structured arrangement. However, section 267A does not apply if a de minimis exception is satisfied. See Regulations section 1.267A-1(c). For purposes of section 267A, interest and royalties are defined broadly. For additional information about arrangements subject to section 267A, see Regulations sections 1.267A-2 and 1.267A-4. Also, see the anti-avoidance rule under Regulations section 1.267A-5(b)(6).

Extent to which deduction is disallowed. When section 267A applies to interest or royalties paid or accrued pursuant to a hybrid arrangement, it generally disallows a deduction for the amount to the extent that, under the foreign tax law, there is not a corresponding income inclusion (including long-term deferral). However, the deduction is not disallowed to the extent the amount is directly or indirectly included in income in the United States, such as if the amount is taken into account with respect to a U.S. shareholder under section 951(a) or section 951A. For additional information, see Regulations sections 1.267A-2 through 1.267A-4. For examples illustrating the application of section 267A, see Regulations section 1.267A-6.

Question 17

Check “Yes” if the corporation has an election in effect to exclude a real property trade or business or a farming business from section 163(j). For more information, see section 163(j) and the Instructions for Form 8990.

Question 18

Generally, a taxpayer with a trade or business must file Form 8990 to claim a deduction for business interest. In addition, Form 8990 must be filed by any taxpayer that owns an interest in a partnership with current-year, or prior-year carryover, excess business interest expense allocated from the partnership.

Exclusions from filing. A taxpayer is not required to file Form 8990 if the taxpayer is a small business taxpayer

(defined below) and does not have excess business interest expense from a partnership. A taxpayer is also not required to file Form 8990 if the taxpayer only has business interest expense from the following excepted trades or businesses.

- An electing real property trade or business.
- An electing farming business.
- Certain utility businesses.

Small business taxpayer. A small business taxpayer is not subject to the business interest expense limitation and is not required to file Form 8990. A small business taxpayer is a taxpayer that (a) is not a tax shelter (as defined in section 448(d)(3)); and (b) meets the gross receipts test of section 448(c), discussed next.

Gross receipts test. For tax years beginning in 2025, a taxpayer meets the gross receipts test if the taxpayer has average annual gross receipts of \$31 million or less for the 3 prior tax years. See section 448(c) and the Instructions for Form 8990 for additional information.

Question 19

If the corporation is a member of a controlled group, check the “Yes” box. Complete and attach Schedule O (Form 1120), Consent Plan and Apportionment Schedule for a Controlled Group. Component members of a controlled group must use Schedule O to report the apportionment of certain tax benefits between the members of the group. See Schedule O and the Instructions for Schedule O for more information.

Question 20

Check the appropriate boxes to indicate if the corporation is required to file Form 4626. If the corporation does not meet the requirements of a safe harbor method, as provided under Proposed Regulations section 1.59-2(g)(2) or Notice 2025-27, Form 4626 must be completed and attached to the corporation’s return. See the Instructions for Form 4626.

Corporations that qualify for a corporate alternative minimum tax (CAMT) safe harbor should indicate “Yes” to Question 20c and are not required to file Form 4626. Corporations generally qualify for the CAMT safe harbor if the corporation’s average annual adjusted financial statement income (AFSI) for the 3 preceding tax years is less than \$800 million. Special rules apply to members of a controlled group treated as a single employer with the corporation under section 52(a) or (b) or members of a Foreign-Parented Multinational Group.

Schedule L—Balance Sheets per Books

Note: All insurance companies required to file Form 1120-PC must complete Schedule L.

The balance sheets should agree with the corporation’s books and records.

If filing a consolidated return, report total consolidated assets, liabilities, and shareholders’ equity for all corporations joining in the return. See [Consolidated returns](#), earlier.

Corporations with total assets (nonconsolidated or consolidated for all corporations included within the tax consolidation group) of \$10 million or more on the last day of the tax year must file Schedule M-3 (Form 1120-PC) instead of Schedule M-1. See the separate Instructions for Schedule M-3 (Form 1120-PC) for provisions that also affect Schedule L.

Line 1. Cash. Include certificates of deposit as cash on this line.

Line 5. Tax-exempt securities. Include on this line:

- State and local government obligations, the interest on which is excludable from gross income under section 103(a); and
- Stock in a mutual fund or other RIC that distributed exempt-interest dividends during the tax year of the corporation.

Line 18. Insurance liabilities. Include on this line:

- Undiscounted unpaid losses,
- Loss adjustment expenses, and
- Unearned premiums.

See section 846 for more information.

Line 27. Adjustments to shareholders' equity. Some examples of adjustments to report on this line include:

- Unrealized gains and losses on securities held "available for sale,"
- Foreign currency translation adjustments,
- The excess of additional pension liability over unrecognized prior service cost,
- Guarantees of ESOP debt, and
- Compensation related to employee stock award plans.

If the total adjustment to be entered on line 27 is a negative amount, enter the amount in parentheses.

Schedule M-1— Reconciliation of Income (Loss) per Books With Income (Loss) per Return

In completing Schedule M-1, the following apply.

- All insurance companies required to file Form 1120-PC with total assets (nonconsolidated or consolidated for all corporations included within the tax consolidation group) of \$10 million or more on the last day of the tax year must file Schedule M-3 (Form 1120-PC) instead of Schedule M-1. See [Schedule M-3 \(Form 1120-PC\)](#), earlier.
- A corporation filing Form 1120-PC that is not required to file Schedule M-3 (Form 1120-PC) may voluntarily file Schedule M-3 (Form 1120-PC) instead of Schedule M-1. See the Instructions for Schedule M-3 (Form 1120-PC) for more information.

Line 5c. Travel and entertainment. Include on line 5c any of the following.

- Entertainment expenses not deductible under section 274(a).

- Meal expenses not deductible under section 274(n).
- Expenses for the use of an entertainment facility.
- The part of business gifts over \$25.
- Expenses of an individual over \$2,000, allocable to conventions on cruise ships.
- Employee achievement awards of nontangible or tangible property over \$400 (\$1,600 if part of a qualified plan).
- The cost of skyboxes.
- Nondeductible club dues.
- The part of luxury water travel expenses not deductible under section 274(m).
- Expenses for travel as a form of education.
- Other nondeductible travel and entertainment expenses.

Line 7a. Tax-exempt interest. Report any tax-exempt interest received or accrued, including any exempt-interest dividends received as a shareholder in a mutual fund or other RIC. Also, report this same amount on Schedule I, item 9.
