

## **Impact of Engagement with NLM Historical Collection: Feedback Survey**

OMB Control Number: 0925-0648

Expiration Date: 07/31/2027

Public reporting burden for this collection of information is estimated to average **10 minutes per response**, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a current valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0648). Do not return the completed form to this address.

The **National Library of Medicine** is collecting feedback on the impact of engagement with its historical digital collection on participants' work. Please help us to continue improving our resources and services by completing this brief survey. Please note that all questions are optional and you may exit the survey at any time.

**All the questions refer to your most recent engagement with the National Library of Medicine (NLM)**
