PRA Disclosure Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is XXXX-XXXX. The expiration date is XX/XX/XXXX, The time required to complete this information collection is estimated to be XX minutes per data element, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. This estimate does not include time for training. If you have comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: CMS, 7500 Security Boulevard, Attn: PRA Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

*****CMS Disclaimer*****Please do not send applications, claims, payments, medical records or any documents containing sensitive information to the PRA Reports Clearance Office. Please note that any correspondence not pertaining to the information collection burden approved under the associated OMB control number listed on this form will not be reviewed, forwarded, or retained. If you have questions or concerns regarding where to submit your documents, please contact XXXXXXXX National Coordinator, Home Health Quality Reporting Program Centers for Medicare & Medicaid Services.

	 Someone must help the patient put on upper body clothing. Patient depends entirely upon another person to dress the upper body.
M1820. Curren	t Ability to Dress <u>Lower</u> Body safely (with or without dressing aids) including undergarments, slacks, socks or
Enter Code	 Able to obtain, put on, and remove clothing and shoes without assistance. Able to dress lower body without assistance if clothing and shoes are laid out or handed to the patient.
	 Someone must help the patient put on undergarments, slacks, socks or nylons, and shoes. Patient depends entirely upon another person to dress lower body.
M1830. Bathing	
	to wash entire body safely. Excludes grooming (washing face, washing hands, and shampooing hair).
Enter Code	 Able to bathe self in <u>shower or tub</u> independently, including getting in and out of tub/shower. With the use of devices, is able to bathe self in shower or tub independently, including getting in and out of the tub/shower.
	2. Able to bathe in shower or tub with the intermittent assistance of another person:
	 a. for intermittent supervision or encouragement or reminders, <u>OR</u> b. to get in and out of the shower or tub, OR
	c. for washing difficult to reach areas.
	 Able to participate in bathing self in shower or tub, <u>but</u> requires presence of another person throughout the bath for assistance or supervision.
	4. Unable to use the shower or tub, but able to bathe self independently with or without the use of devices
	at the sink, in chair, or on commode. 5. Unable to use the shower or tub, but able to participate in bathing self in bed, at the sink, in bedside
	chair, or on commode, with the assistance or supervision of another person.
	6. Unable to participate effectively in bathing and is bathed totally by another person.
M1840. Toilet T	ransferring
Current ability t	o get to and from the toilet or bedside commode safely <u>and</u> transfer on and off toilet/commode.
Enter Code	 Able to get to and from the toilet and transfer independently with or without a device. When reminded, assisted, or supervised by another person, able to get to and from the toilet and transfer.
	2. <u>Unable</u> to get to and from the toilet but is able to use a bedside commode (with or without assistance).
	3. <u>Unable</u> to get to and from the toilet or bedside commode but is able to use a bedpan/urinal
	independently. 4. Is totally dependent in toileting.
M1845. Toiletin	og Hugiana
	to maintain perineal hygiene safely, adjust clothes and/or incontinence pads before and after using toilet,
	pan, urinal. If managing ostomy, includes cleaning area around stoma, but not managing equipment.
Enter Code	0. Able to manage toileting hygiene and clothing management without assistance.
	 Able to manage toileting hygiene and clothing management without assistance if supplies/implements are laid out for the patient.
	2. Someone must help the patient to maintain toileting hygiene and/or adjust clothing.
	3. Patient depends entirely upon another person to maintain toileting hygiene.
M1850. Transfe	erring
Current ability t	to move safely from bed to chair, or ability to turn and position self in bed if patient is bedfast.
Enter Code	0. Able to independently transfer.
	 Able to transfer with minimal human assistance or with use of an assistive device. Able to bear weight and pivot during the transfer process but unable to transfer self.
	3. Unable to transfer self and is unable to bear weight or pivot when transferred by another person.
	 Bedfast, unable to transfer but is able to turn and position self in bed. Bedfast, unable to transfer and is unable to turn and position self.
	5. — 20.00) analy to transfer and is analy to tariff and position sells

M1860. Ambulation/Locomotion			
Enter Code	Enter Code O. Able to independently walk on even and uneven surfaces and negotiate stairs with or without railings (specifically: needs no human assistance or assistive device). 1. With the use of a one-handed device (for example, cane, single crutch, hemi-walker), able to independently walk on even and uneven surfaces and negotiate stairs with or without railings. 2. Requires use of a two-handed device (for example, walker or crutches) to walk alone on a level surface and/or requires human supervision or assistance to negotiate stairs or steps or uneven surfaces. 3. Able to walk only with the supervision or assistance of another person at all times. 4. Chairfast, unable to ambulate but is able to wheel self independently. 5. Chairfast, unable to ambulate and is unable to wheel self. 6. Bedfast, unable to ambulate or be up in a chair.

0. No → Skip to M2401, Intervention Synopsis 1. Yes → Continue to M1046, Influenza Vaccine Received		

M1046. Influenza Vaccine Received			
Did the patie	Did the patient receive the influenza vaccine for this year's flu season?		
Enter Code	1.	Yes; received from your agency during this episode of care (SOC/ROC to Transfer/Discharge)	
	2.	Yes; received from your agency during a prior episode of care (SOC/ROC to Transfer/Discharge)	
	3.	Yes; received from another health care provider (for example, physician, pharmacist)	
	4.	No; patient offered and declined	
	5.	No; patient assessed and determined to have medical contraindication(s)	
	6.	No; not indicated – patient does not meet age/condition guidelines for influenza vaccine	
	7.	No; inability to obtain vaccine due to declared shortage	
	8.	No; patient did not receive the vaccine due to reasons other than those listed in responses 4-7.	

Section Q Participation in Assessment and Goal Setting

M2401. Intervention Synopsis					
At the time of or at any time since the most recent SOC/ROC assessment, were the following interventions BOTH included in the physician-ordered plan of care AND implemented? (Mark only one box in each row.)					
	Plan/Intervention	No	Yes		Not Applicable
↓ Check only one box in each row ↓					
b.	Falls prevention interventions			□ _{NA}	Every standardized, validated multi-factor fall risk assessment conducted at or since the most recent SOC/ROC assessment indicates the patient has no risk for falls.
C.	Depression intervention(s) such as medication, referral for other treatment, or a monitoring plan for current treatment	0		NA NA	Patient has no diagnosis of depression AND every standardized, validated depression screening conducted at or since the most recent SOC/ROC assessment indicates the patient has: 1) no symptoms of depression; or 2) has some symptoms of depression but does not meet criteria for further evaluation of depression based on screening tool used.
d.	Intervention(s) to monitor and mitigate pain	0	1	NA NA	Every standardized, validated pain assessment conducted at or since the most recent SOC/ROC assessment indicates the patient has no pain.
e.	Intervention(s) to prevent pressure ulcers	0	1	NA NA	Every standardized, validated pressure ulcer risk assessment conducted at or since the most recent SOC/ROC assessment indicates the patient is not at risk of developing pressure ulcers.
f.	Pressure ulcer treatment based on principles of moist wound healing			□ _{NA}	Patient has no pressure ulcers OR has no pressure ulcers for which moist wound healing is indicated.
