Please do your best to protect all these different animal species. They are all precious creations by God, and all these animals deserve protection from harm. Please put an end to hunting, fishing, and trapping, because all of these practices are destructive to the animals. And those practices also cause the animals unnecessary suffering like when fish suffer from asphyxiation as they are taken out of the water and when fish get pierced with a fishing hook and when land animals get shot with a bullet or arrow into them and suffer a painful death. It is not always an instant death. And also, when animals suffer getting trapped like in a steel-jaw trap and are helpless to get free. The animals could be mothers who have to care for their young but are unable to get back to them. Some animals in desperation have tried to bite off their own limb in order to free themselves from the trap! This is wrong. Animals don't deserve this. Please protect all the animals.
