

POCs from SF-424:
Application SME in block 8f:
AOR in block 21:

Hello:

A technical deficiency was found in your application for FY 20XX Choice Neighborhoods Implementation Grants Program funds as described below. You must submit to HUD any materials necessary to correct the technical deficiency no later than **[insert date]**. You must email such materials to correct the technical deficiency to applicationsupport@hud.gov. Please also cc ChoiceNeighborhoods@hud.gov.

When submitting documents or information to cure a technical deficiency, the subject line of the email sent to applicationsupport@hud.gov must state: "Technical Cure" and include the Grants.gov application tracking number or the GrantSolutions application number (e.g., Subject: Technical Cure - GRANT 123456 or Technical Cure - XXXXXXXXXXXX). If this information is not included, HUD cannot match the response to the application under review and the application may therefore be rejected due to the deficiency.

The technical deficiency is as follows:

[detailed description of deficiency]

Please keep in mind that this communication is intended to give you the opportunity to correct curable technical deficiencies. We cannot accept submissions of material that substantively revise your application, particularly regarding the rating factors. If you have questions, send an email to ChoiceNeighborhoods@hud.gov. Thank you for your interest in the Choice Neighborhoods program.
