**Date:** Monday, September 22, 2025 1:56:34 PM

---

Good afternoon,

Thank you for providing the opportunity to comment on the Enrollment and Re-Certification of Entities in the 340B Drug Pricing Program, OMB No. 0915-0327-Revision!

In regard to shipping addresses, Apexus Answers answered the question "Are separately registered child sites permitted to receive 340B shipments from wholesalers if the associated address is not listed as a shipping address?" by stating that "Technically child site or clinic locations should be able to receive 340B shipments, but the distributors, wholesales and manufacturers have become more vigilant about having an actual shipping address, so it's best to go in add the shipping address even if it's the same as the physical address."

Before moving forward with the proposed changes to shipping address registration, please ensure a safeguard is in place to prevent wholesalers and manufacturers from denying shipment to a child site that is not listed as a shipping address.

Thank you for your time!
