

Title: OSHA Training Institute Education Centers Program, and OSHA Outreach Training Program Data Collection

OMB Control Number: 1218-0262

Note to Reviewer

OSHA is making minor changes to the instruction on the following forms: Outreach Training Program Report, OSHA Form 4-50.1; Outreach Training Program Report General Industry OSHA Form, 4-50.2; OSHA Training Program Report Maritime, OSHA Form 4-50.3; and OSHA Training Program Report Disaster Site, OSHA Form 4-50.4.

OSHA is removing the reference to "Attachment B" under Item 5 of the Instruction Section to these forms; and, under Item 9 replacing the phrase "of more than 50 students," with "that contained more than students than allowed by OSHA policy."

These changes eliminate unnecessary references and allow additional flexibility in the forms.
