it is time that the national taxpayers were permitted  
to stop funding this program, which has been in  
existence for probably 100 years. the u.s. taxpayer  
has been tapped for far too long for this project.

i think all funding for this project should stop. it  
is clear the usda agency is overblown and overtaxes  
the national economy. it badly needs downsizing  
relative to its importance. it is bureaucracy gone  
wild.
