To whom it may concern.

I would be interested to know if EXIS has a role to play in port security that would make it a topic for this conference?

The Port Security Operations Conference and Expo being held in the Port of Tampa next year is intended to attract seaport security personnel from terminal operators, vessel operators, ports, police, security managers, consulting engineers and regulators and will include sessions on;

- technology solutions of interest to ports, terminals, vessel operators and security integrators
- best practices for terminal operators
- current and evolving regulatory matters - interpretation and impacts
- HR solutions for security implementation at ports and terminals

The objective of the conference is to provide a forum for exchange of information and networking that provides professional development opportunities for seaport security officials while assisting the industry understand the most appropriate options for implementing security.

Some of the people who are on the program or advisors at the moment include;

- Rear Admiral Watson, USCG
- Jeffrey Monroe - DHS National Maritime Security Advisory Committee Chair(NMSAC)
- Mike Rubin - Vice President, Florida Ports Council
- Glenn Wiltshire - Deputy Director, Port Everglades
- Brian Temples Company Security Officer (CSO) Transmontaigne Terminals
- Mark Dubina, Security Director, Port of Tampa
- Louis Noriega, Seaport Information Officer, Port of Miami
- Wade Elliott Director of Marketing, Port of Tampa

A selection of the committed sponsors and exhibitors includes L-3, CIBER, G4S, Siemens and PortStar Seaport Security Training among others.

The website is at www.psoce.com .

I have attached the current program and the Partnership Brochure.

Please advise on my inquiry.
