OFFICE OF SECRETARY  
RULEMAKINGS AND  
ADJUDICATIONS STAFF

Rulemakings and Adjudications Staff:

Having reviewed the draft rule and public comments provided by others and the National Organization of Test, Research, and Training Reactors (TRTR), I would like to provide input on the proposed 10 CFR Part 73 Rulemaking (NRC-2008-0619) as published in the Federal Register Vol. 75

No.138 - Tuesday, July 20, 2010.

I find the proposed rule adds additional security requirements at RTR facilities that will further limit student, faculty and researcher access and divert resources from our educational and research missions.

I support the comments submitted by TRTR (NRC-2008-0619-0019) and ask that I be joined to those specific comments for resolution.

I appreciate the opportunity to provide comment on this important proposal.

Please feel free to contact me with questions.

Regards,  
Matt Berglund
