RE: **Full Board Approval**  
IRB00057255  
Evaluation of Rapid HIV Self-Testing among MSM in High Prevalence Cities

Thank you for submitting a new application for this protocol. The Emory IRB reviewed it at its convened meeting on 8/1/2012, met all of its contingencies on **9/19/2012** and granted effective approval from **8/1/2012** through **7/31/2013**. Thereafter, continuation of human subjects research activities requires the submission of another renewal application, which must be reviewed and approved by the IRB prior to the expiration date noted above. Please note carefully the following items with respect to this reapproval:

- Partial HIPAA waiver was granted

The following devices were determined to be non-significant risk:

- SureCheck'
- OraQuick
