General Comment

ds2029 must now require a picture of the claimed birth person and a fingerprint of the claimed birth person. it is time to truly document who is being claimed as a us citizen.

there is alot of lying and fakery and bribery in this entire process. since citizenship is worth thousands of dollars, it is clear that workers in this area can make money for themselves by

allowing people to pay them off for fake documents. we need investigation of the alleged 68,000 births abroad. we want birth pictures of the claimed citizen to be attached to the file, we want indication of the race and color fo the claimed new citizen and we want fingerprints.

it is clear there is criminality in this area of our govt.
