General Comment

I think that all people crossing our border should have a green card, and be allowed to apply for an alien worker, form i-140. However, I feel that illegal aliens should immediately be shipped back to their own country, and not allowed back in until they do have a visa and an alien worker form. The law should be strictly adhered to, and illegal aliens who are here must submit to them. I do not object to anyone coming to this country with a dream, but they must not come illegally!
