**Subject:** public comment on federal register shut down this expensive program gouging us taxpayers and overwhelming america with foreigners

d to s1. not necessary. americans cannot bear the burden of gouged tax dollars to continue to pay for this burgeoning overwhelming immigrant problem. i think the immigration dept needs to be investigated to see if they are selling immigrant visas because america is absolutly overwhelmed with foreigners from asia , all here to leach on amereican welfare programs they ae supposed to not be on welfare, but that is the first thing they do.

2. this program is a huge burden on amerian taxpayers, paying for all these asians who come here to get on american welfare. they all immediately sign up for all th programs to get money. they are all seekign tyo buden american taxpayers. let china pay for its elderly.

3. we need to have this program shut down. it is too expensive. our govt has grown too big and too expensive to continue to allow these foreigners to treat americans as total suckers and saps for them to take advantage of.

4. this burden is entirely too great to keep allowing these people to come here. let them stay in asia. we need to worory about the american people who are being bombarded and harmed by their own govt catering to foreigners. let asiant stay in asia. if americans want to be with their asian pals, let them leave america. good riddens. there are no "special" immigrants. we have special americans who this dept should be workign for heart and soul. these asian who come here dont become americans. they keep trying to turn america into asia. let them stay in asia. close the damn door. this comment is for the public record.
