Subject: Fwd:public comment on federal register immigrants coming to usa to leach on american taxpayers
Date: Wednesday, January 23, 2013 5:41:13 PM

american citizens overwhelmingly do not want immigrants brought here for slave labor or for taking american jobs. it is clear that we need jobs for americans with 10% of americans on unemployment and 60% unemployment in some neighborhoods. we have absolutely no need of foreigners to come here to work. we need to find jobs for americans. this form should be discarded because it is used to import slave labor by asians for example who want to hire fellow asians to work in their restaurants. you never see an american working in a chinese restaurant. how is their coming here helpful to america when they never give americans jobs. that is fact. we do not want this form used or allowed. we want immigration shut down. we want jobs for americans. this sirtuation is geting worse and worse and worse and the crooked politicians who take bribes and the landlords whor rent 4 people in a room to sleep and making money for such fire conditions are the ones who want immigrant slaves coming here. if they are here and have been allowed in, let them use american workers now. letting a whole bunch of asians all work in an asian environment means that no tax swioll be paid from teh business and crime results. we have endless immigrants coming here who feel no allegiance at all to this country. they are simply coming here to be leaches on american taxpayers. they want freebies. we need to shut this criminality down. it is traitorous to america. this comment is for the public record, jean public

estimated for an average respondent to respond: 77,149 at 1.08 hours (1 hour 5 minutes). This is a change from the estimated number of respondents in the 60-day Federal Register notice published on October 30, 2012, at 77 FR 65706 which estimated the number of respondents at 81,678. This change in the estimated number of respondents is due to a change in agency estimates based on updated FY2013 statistical data.

(6) An estimate of the total public burden (in hours) associated with the collection: 83,320.92 annual burden hours. This is a change from the estimated total public burden hours reported in 60-day Federal Register notice published on October 30, 2012 at 77 FR 65706, which estimated the total annual burden associated with this collection to be 88,212 hours. This change in the total annual burden hours can be attributed to the adjustment in the agency estimates on the number of respondents noted above.
