General Comment

the raising of chickens has alot to do with how healthy they are. drowning them in toxic drugs to make them grow faster, eat less, abusing them by cutting off their beaks and other abuse and torture during their short lives makes for unhealthy hens. factory farms are abusive and produce unhealthy chickens which product sick eggs.you have done nothing about this except allow this festering issue to continue. you are allowing chickens to be drowned in crap drugs that affect their natural systems. itiiis COMPLETELY NECESSARY TO INSIST THAT FACTORY FARMS SHUT DOWN. WE WANT CHICKENS RAISED WHERE THEY CAN SCRATCH IN DIRT, WE WANT THEM ABLE TO MOVE. WE WANT THEM OUT OF CAGES, PACKED LIKE SARDINES. WE WANT THEM TO GET FRESH AIR. WE DONT WANT FORCED MOLTING. THIS ABUSE MUST STOP TO GET HEALTHY CHICKENS AND HEALTHY EGGS. <http://www.chickenindustry.com/> IS PART OF MY COMMENT. WHY ARE YOU ALLOWING THI SHORRIFIC ABUSE OF ANIMALS LIKE THIS.
